Raymond Knops ta tuma despedida:

Tin pasion empresarial remarkabel na Aruba, pero asina mes mester ta prepara pa decisionnan duro

Recuperacion ta bay haci dolor y un lider cu ta bisa lo contrario, no ta honesto cu Aruba. Asina Secretario di Estado Demisionario pa Asuntonan di Reino Raymond Knops a bisa ayera durante su ultimo conferencia di prensa den e capacidad ey. Knops tabata riba su ultimo bishita na Aruba como Secretario di Estado y banda di despedida, a continua e negociacionnan cu Aruba riba particularmente e proposicion di rijkswet di consenso riba COHO. “Nos a sigui cu e negociacionnan riba e rijkswet, awor cu tin e conseho di Raad van State. Nos no ta cla, pero mi ta convenci cu lo bin un acuerdo,” Raymond Knops a bisa.

E Secretario di Estado a felicita Prome Minister Evelyn Wever Croes pa e resultado di eleccion di Juni, agregando cu no ta facil pa keda cu confianza despues di tuma decisionnan duro pero necesario. E tabatin compliment pa e forma con Prome Minister Demisionario di Aruba a mancha e pandemia y tambe e crisis financiero y e decisionnan duro cu a tuma, pa entre otro cumpli cu e condicionnan stricto pa asina Hulanda por a brinda sosten di likides.

A papia riba temanan cu tabata riba mesa pa e ultimo tres aña y nueve luna, segun Prome Minister Wever Croes. “Esakinan ta finanzas, recuperacion y palabranan den cuadro di e sosten di likides, e landspakket y

e rijkswet.”

Cumpli cu condicion

Realidad ta cu Aruba mester di mas sosten di likides y si Aruba ta cumpli cu e condicionnan den landspakket, e pais ta bin na remarke pa e sosten aki. Esey ta nifica e colaboracion na nivel di hospital entre e paisnan autonomo den Reino y Islanan BES pa asina baha gasto di tur. E

hospitalnan di Corsou y St. Maarten a laga sa cu Aruba no ta cooperando pa yega na un acuerdo di cooperacion. Knops a bisa cu e no por amplia riba e detaye aki ya cu ta un asunto cu ta resorta bou di Minister Hulandes pa Salud, esta Paul Blokhuis. Pero en general e por a bisa si cu cooperacion no ta un luho sino necesidad. “E crisis a muestra e necesidad pa

coopera. E otro asunto cu ta hunga un papel pa por coopera ta cu e gastonan di cuida ta sigui subi. Banda di e peso di cuida pa hendenan cu ta biba mas largo, na Aruba tin hopi caso di locual ta yama malesa di rikesa, esta malesanan cardiovascular. No por keda sin actua riba esakinan, y e cortamento di gasto y haci e cuida pagabel ta forma parti di e landspakket. Semper lo por tin problema den ehecuccion, pero cu mester coopera ta un hecho.”

Raymond Knops a bisa cu e ta convenci cu Aruba lo keda participa den e negociacion pa colaboracion. Y semper ta final di e periodo pa cual a duna sosten di likides ta evalua si Aruba a cumpli. Pues ta na final di e tres kwartaal lo wak si Aruba ta cumpli cu e condicion di colaboracion na nivel di hospital. Mesun cos ta conta cu e reduccion di 60 miyon florin pa aña di gasto di AZV. Aruba a pidi pa haci un investigacion riba con realisabel esaki ta, y Hulanda tabata dispuesto pa warda riba e resultado. Pero, e gastonan ta bayendo for di man y no tin e luho pa sinta warda. Ta decisionnan duro cu mester tuma, Knops a bisa.

LMA

Un di e decisionnan duro sigur ta e reduccion di costo di personal di Gobierno. CAft a bisa siman pasa cu pa 2022 Aruba mester tin un presupuesto balanza y e ta rekeri reduccion di gasto. Cambio di LMA mester haci posibel pa hisa eficiencia y baha gasto. Pero ni Secretario di Estado Knops ni Prome Minister Evelyn Wever Croes

a bay den detaye, kico esaki realmente nifica. E carta cu a ricibi di sindicatonan pa participa den e negociacionnan pa e landspakket lo keda trata pa Prome Minister, pero el a bisa cu te na e momentonan aki no tin nada di negociacion sino cu mester warda e revision di henter e aparato tuma luga.

Relacion y gratitud

Raymond Knops a bisa cu si ta un cos cu el a siña den su periodo como Secretario di Estado ta cu relacionnan den Reino ta realmente “relacionnan y cu por confia otro, sa kico ta e intencionnan, y si ta traha na interes di e habitantenan ta crea coneccion.” Knops a bishita Aruba Aloe ayera, un empresa bieu di Aruba, cu ta di un famia empresarial dedica cu ta ilustrativo pa e pasion di empresarionan di e isla. “Locual ta sosodiendo na Aruba ta dinamico, economia ta bolbiondo, pero nos no ta unda mester ta,” Knops a bisa. “Hulanda a yuda no solamente cu sosten di likides, pakete di cuminda, sosten medico durante COVID-19, cu a yuda fortifica e lazonan mas ainda, y cu a muestra cu den bon y mal tempo si por yuda otro, lo haci esaki tambe. Pa esey mi ta gradecido y mi ta contento cu unda cu mi bay (na Aruba) mi a haya palabranan di gratitud tambe.”

Di su banda, Prome Minister Wever Croes tambe a expresa gratitud pa e “bon cooperacion, ayudo y sosten cu a ricibi durante e periodo tras di lomba,” di parti di Secretario di Estado Raymond Knops.

Aruba ta despedi di parlamento number 10

Ayera mainta, Parlamento di Aruba a tene su ultimo reunion publico pa loke ta trata periodo di aña 2017 te aña 2021 cu parlamentarianan perteneciente na partido MEP, partido AVP, partido POR y partido RED.

Juan Ady Thijsen cu tabata presidente di Parlamento di Aruba te ayera a ofrece algun palabranan pa esunnan cu tabata presente den e sala mirando cu ayera tabata e prome biaha cu parlamento a ricibi publico despues di pandemia di Covid-19.

Esaki sigur tabata un parlamento cu a conoce hopi cambio na unda algun partidonan a cay den problemanan interno, parlamentarianan a keda independiente, un partido a perde un minister, a wordo nombra e prome parlamentario mas hoben den historia den parlamento, asina como tambe algun miembronan a keda involvi den casonan di corrupcion y otronan no a haya sosten pa logra su meta como por ehemplo, legalisacion di cannabis.

Di mesun manera, a wordo treci dilanti e verificacion y admision como miembro di Parlamento di Aruba pa e proximo periodo di aña 2021 pa aña 2025 na esunnan cu a wordo eligi den ultimo eleccionnan di dia 25 di juni como Miguel Mansur, Marisol Lopez Tromp, Aquanette Gunn, Evelyn Wever-Croes, Xiomara Maduro, Dangui Oduber, Glenbert Croes, Rocco Tjon, Arthur Vallejo, Hendrick Tevreden, Endy Croes, Edgar Vrolijk, Mike Eman, Mike de Meza, Arthur Dowers, Gerlien Croes, Oslyn Sevinger, Rycon Santos do Nascimento, Mervin Wyatt Ras, Ursell Arends y

Geoffrey Wever.

Di esunnan cu ta bandona parlamento cu a destaca cu nan discurso di despedida tabata Dahpne Lejuez, e cual a ofrece algun palabra di gradicimento pa duna e oportunidad di forma parti di parlamento y alabes un pabien na prome minister demisionario Evelyn Wever-Croes pa e logro di votegeter di Aruba den eleccionnan ultimo y tambe pa Marisol Lopez-Tromp como ehemplo di orguyo como ser femenino cu a wordo reconoci pa nan trabou incansabel.

Di mesun manera, el a duna un danki na esunnan cu a deposita nan voto pa su persona dia 25 di juni ultimo y tur exito pa Parlamento di Aruba number 11 mirando e retoran cu Aruba ta presenta na e momentonan aki.

Ricardo Croes lider di fraccion di partido RED Democrático cu den ultimo eleccion no a haya suficiente cantidad di voto pa por keda den parlamento den periodo nobo a expresa cu e tempo cu el a pasa den parlamento aki “ta un tempo cu mi hamas lo lubida” na unda el a reitera cu el a drenta den parlamento cu su idealnan y e no a sucumbi na un solo momento pa ni un sorto di presion pa e entrega su idealnan y pa esey e ta sinti su mes hopi bon, segun loke Croes a sigura.

“Mi ta sali for di akiden cu sentimentonan mixto, pasobra mi ta realiza cu e mentalidad di e pais aki tin hopi ainda pa bay” el a sigura.

Asina mes, el a declara cu “pueblo ta bay realiza cu mi palabranan tur ta bay bira berdad y ta tur cu nan dedenan no por keda caminda

mester tabata, mi ta espera papa dios pone tur paga, tur cu ta bay bao investigacion awor y cu ta bay bao investigacion awor tambe” Croes a señala referiendo na e palabra integridad.

Alan Howell cu ta un di esunnan cu tampoco a haya sosten pa por keda den parlamento den ultimo eleccion a expresa su gradicimento pa por forma parti di dje den casi cuater aña y tambe pa por asumi diferente rol na unda el a biba “experiencianan inolvidabel cu cosnan bon y cosnan malo” segun el a comenta.

“Experiencianan menos agradabel cu ma pasa tabata na momento cu ma haya cu mi mester confronta cu un asina yama caso penal cu mi mester a haya y mi ta defende mi curpa den dje, mi ta gradici dios cu na momento cu esaki a presenta, danki dios na integridad cu mi tin cu mi por a prueba y demostra cu nada robes no a tuma luga, cu nos por a entrega e parti administrativo na Openbaar Ministerie habri pa nan por mira cu no tin nada straño ni nada robes”, Howell a finalisa.

Otronan cu tambe no lo conforma e proximo Parlamento di Aruba ta Michael Lampe, Jennifer Arends Reyes, Marlon Sneek, Robert Candelaria, Richard Arends, Allan Howell, Deyanira Maduro, Ricardo Croes, Setty Christiaans-Yarzagaray y Darlaine Erasmus.

Ayera Aruba a despedi di un Parlamento cu a marca historia y cu awe lo tin un otro parlamento, cu 11 cara nobo y cu sigur lo trece un otro dimension den politica di Aruba.

Un otro miembro di partido Accion21 a retira

Ayera tambe a keda conoci den comunidad cu otro miembro di partido Accion21 a retira, Cristian Soto Garcia a publica un carta riba e red social Facebook na unda el a afirma cu na momento cu tin division pisa den partido el a cuminsa distancia su mes.

Soto a afirma cu for di 1 di juli su persona a anuncia den e chatgroup di e partido mes cu el a distancia di esaki pa via di diferente incidentenan, “division pisa den partido, hopi wega di redo, midimento di poder y buscamento di beneficio personal” na unda el a pidi un reunion cu e lider di e partido Miguel Mansur y asina mira kico lo tabata su siguiente paso.

Den e reunion cu a tuma luga dia 2 di juli ultimo, Soto a menciona cu el a bay den un posicion ‘non actief’ sperando desaroyonan interno y pa wak con esey lo a wordo maneha, “lastimamente mi mester bisa cu despues di declaracionnan haci door di sr. Mansur den prensa, el a bira cla pa mi cu un liderasgo di division, di kier demostra poder externo y di ego, no ta algo cu mi por forma parti di dje” Soto a enfatisa den su carta. Bon dia Aruba a tuma contacto cu Soto pero e la menciona cu e no tin nada mas pa bisa y e carta ta na su luga.

Asina mes, el a sigura cu “esaki no ta nifica final den politica pa mi, sea paden of pafo di e arena, mi lealtad ta keda cu Pais Aruba y lo sigui vocifera mi mes na tur momento” pa finalisa el a gradici na esnan cu a deposita nan confiansa den dje den ultimo eleccion.

Oranjestad, Aruba

7 di juli, 2021

Topico: Retiro

Apreciabel miembronan di Partijraad y Directiva,

Mediante e carta aki mi persona ta anuncia retiro cu efecto inmediato for di partido Accion 21.

Desde 1 di juli mi persona den e chatgroup di e partido a anuncia cu mirando kico tur ta pasando na e momento ey, cu tin un division pisa den e partido, hopi wega di redo, midimento di poder y buscamento di beneficio personal, ta distancia di tal chatgroup. Manera mi a comunica, mi a pidi un reunion cu lider di e partido, sr. Miguel Mansur pa wak kico lo ta e siguiente paso.

Durante e reunion cu sr. Mansur, dia 2 di juli, mi a bis'e cu mi lo bay den un posicion 'non-actief', sperando desaroyonan interno y pa wak con esaki lo ser maneha. Lastimamente mi mester bisa cu despues di declaracionnan haci door di sr. Mansur den prensa, el a bira cla pa mi cu un liderasgo di division, di kier demostra poder extremo y di ego, no ta algo cu mi lo por forma parti di dje. Desde prome reunion mi tabata hopi cla cu mi lealtad ta na Pais Aruba y no na un partido. Mi semper lo bisa e cosnan manera cu mi ta waknan y pami un lider ta unifica, guia y pusha pa bay dilanti manera un team. E ta traha pa 'nos' y no pa 'mi'.

Mi ta termina cu un quote cu casualmente mi a lesa di un miembro di partido y e ta bisa: *"Integrity is holding to our convictions regardless of the consequences and never compromising our ideals or values, even if it affects the bottom line."*

Atentamente,

Cristian Soto Garcia

Departamentonan publico mester tene cuenta cu ley Proteccion di Naturalesa prome cu duna aanlegvergunning

FPNA: Meta di caso contra Aruba Ocean Villas tabata pa proteha area di mangel y a logra esaki

Fundacion Parke Nacional Aruba a logra loke e tabata kier, esta cu Aruba Ocean Villas mester para tur construccion pendiente e aanlegvergunning. Y como tal, e fundacion cu tin e responsabilidad pa proteha e area di mangel ta conta cu tur departamento di Gobierno envolvi den duna conseho y finalmente e aanlegvergunning ta considera tur aspecto, pero particularmente e derecho di naturalesa.

Esey ta locual Director ad-hunto di FPNA Norman Kuiperi a bisa ayera, den presencia di Gerente di FPNA, Natasha Silva. Esey tabata e reaccion di FPNA riba e fayod e caso sumario cu a lanta contra Aruba Ocean Villas y Pais Aruba, pa motibo di a cuminsa traha sin e permisonan completo, ademas cu a drenta e area cu ta cay bou mancho di e fundacion, esta e area di mangelnan na Commandeursbaai. “E rason primordial di nos caso sumario tabata cu Aruba Ocean Villas tabata traha ilegalmente, sin permiso adecua, destruyendo naturalesa na Savaneta unda ta construyendo nan bungalows.”

Daño na naturalesa

Kuiperi a bisa cu motibo pakico a dicidi pa acudi na Corte tabata pasobra cualkier intento pa yega na un palabracion cu propietario di Aruba Ocean Villas, esta sra. Osyth Henriquez, con pa mitiga daño ora di construccion tabata envano. Locual tabata kier pa hues a para e dañonan cu tabata haci na mangelnan y e area natural cu ta cay bou responsabilidad di FPNA. Pa FPNA, e decision di hues ta uno positivo pasobra a manda un mensahe na Aruba Ocean Villas cu no ta permiti

pa sigui haci mas daño na naturalesa, y no por traha tanten cu no haya un aanlegvergunning. Y den caso si e compania haci cualkier gestion di construccion, sin e aanlegvergunning, e mester paga 10 mil florin pa dia na multa. Director ad-hunto di FPNA Kuiperi a bisa cu e caso ta importante pasobra e ta ilustra e papel di FPNA pa defende interes di henter Aruba, unda naturalesa ta hunga e papel primordial. E caso aki ta enfatisa cu cualkier desaroyado mester tene cuenta proteccion di naturalesa cu ta locual lo sostene turismo di Aruba den futuro.

MER

E asina yama quickscan cu FPNA a haci di e dañonan debi na e construccion mester bay man den man cu e Millieu Effecten Rapportage, e MER cu Aruba Ocean Villas a laga traha. Pero Kuiperi ta critico di e MER presenta pasobra e investigacion riba impacto ambiental no a cubri tur area crucial. Por ehempel, con ta bay minimalisa e impacto di luz for di e bungalows riba e animalnan cu ta biba den lama y esunnan cu ta drumi y biba anochi den e mangelnan; unda e awa sushi di toilet ta bay; tin diferente ‘infiniti pools’ den e cabanan-

an, pero no ta muestra unda e awa ta bay. “Ki plan tin si un di e tubonan kibra? Unda e awa lo bay. Tambe tin sangura den e mangelnan. Lo bay uza insiticide y ki tipo nan lo ta cu no ta afecta e mangelnan?” Kuiperi a subraya e balor di e mangelnan cu ta esencial pa mitiga cambio di clima y ta e cuna unda bida di fauna marino ta cuminsa. Y no ta FPNA a dicidi cu mester proteha e mangelnan. Ta un tarea cu e organisacion a keda encarga cu n’e.

E MER ta manera un pintura pa Elmar duna meter di coriente. Tur hende mester por wak e pa sa con ta bay atende cu situacionnan. “Loke hopi hende no sa cu e yerba di lama banda di Commandeursbaai tabatin un cama di yerba di lama unda turtuganan ta come. Y ta eyan ta unda lo pone e pilonnan pa e bungalows. Hopi Arubiano no ta gusta yerba di lama. Pero tur especie, for di picuda, te gutu ta cuminsa nan bida den yerba di lama. Y na rand di e cama di yerbe di lama ta unda calco ta pasa su añanan di infancia, scond’i bou tera. P’esey mester di proteccion.” Kuiperi a bisa cu aunke cu proyectonan manera De Palm Island y Renaissance Island ta data prome cu e ley Proteccion Naturalesa y FPNA, ambos a entrega nan MER y e resultado ta bisto. E mangelnan y coral ta flo-

rece den e area. “Aki na Aruba Ocean Villas, no a worry cu e aspectonan aki.

Realidad ta cu DIP no tin un standard ni condicionnan pa presenta un MER adecuado. Esaki ta tarea di e legislado, Norman Kuiperi a bisa. Consequentemente Aruba Ocean Villas a presenta un MER cu tin buraco. FPNA a ilustra con e trabounan cu a tuma luga na Aruba Ocean Villas cu tabata banda di e area di mangel a lanta asina stof den lama cu a plama y pega riba un proyecto di cultiva coral y tur a muri. “Ken ta para responsabel pa esaki?” Kuiperi a puntra su mes. Un MER adecuado mester a premira e detayenan aki y mitiga daño, den su opinion.

Aanlegvergunning

Awor ta keda na Aruba Ocean Villas pa haci su peticion di e aanlegvergunning. Esaki ta un permiso banda di esun di construccion cu ta determina si e proceso no ta haci (dimas) daño na e medio ambiente. E departamentonan encarga cu e proceso di aanlegvergunning na Direccion Naturalesa y Medio Ambiente cu ta conseha, DOW cu ta conseha y DIP cu finalmente ta duna e permiso aki. Como tal, FPNA ta conta cu e departamentonan aki ta bay anda responsablemente cu e permiso y ta mara esaki na

condicionnan.

FPNA lo sigui e proceso aki a pie de la letra, pasobra Aruba Ocean Villas a inicia hopi tempo pasa y ta awor numa tin e permisonan di tereno y construccion den man. Den otro palabra, Kuiperi ta spera cu e otorgamento di aanlegvergunning ta bay cu mas cautela y den forma critico. “Aanlegvergunning ta bisa cu por cuminsa construi. Pero entretanto ya tin hopi construccion cu a tuma luga,” Kuiperi a ilustra, muestra cu propietario di Aruba Ocean Villas a ataca FPNA sin cu nan tabatin e argumento legal, esta cu tabatin tur e permisonan necesario pa por a cuminsa traha. “Hopi Arubiano no ta realisa di esaki. E ta facil pa bisa cu ta bay contra Arubiano, cu a traha e proyecto cu su sodo, pero FPNA tambe ta Arubiano.” E Director Adhunto di FPNA a bisa cu tin un bon relacion cu tur e departamentonan concerni y ta conta cu nan lo tene e ley di Proteccion di Naturalesa como e guia pa nan decision pa otorga e aanlegvergunning.

No ta contra Aruba Ocean Villas

Norman Kuiperi a bisa cu ningun momento FPNA ta contra Aruba Ocean Villas. Al contrario, ta considera e proyecto uno hopi bunita y unico. No ta tarea di FPNA pa demanda departamentonan publico manera DIP of DOW, pero si ta tene combersacion continuo cu nan, pa hala atencion pa actonan ilegal y daño na naturalesa. “E no tabata agradabel pa a para e construccion di e proyecto. Nos ta boga pa proteccion di naturalesa. Mi ta spera cu sano huicio y responsabilidad pa e biodiversidad den e area di Commandeursbaai lo keda respecta. Mi semper a bisa cu Aruba Ocean Villas ta uno bunita, pero preferibelmente lo mester dialoga pa compronde nos posicion. Nos nunca a bisa di ta contra e proyecto,” Kuiperi a conclui.

Bon Dia Aruba a tuma contacto cu sra. Henriquez di Aruba Ocean Villas, kende a bisa cu berdad e compania encarga cu e construccion den lama a haya aviso cu mester pone un net den lama pa evita cu santo plama y cu e ta mas cu dispuesto pa un miho dialogo cu FPNA pa interes di e proyecto y di naturalesa.

Mester drecha LMA... *Pero ta implent'e anto...?*

Aruba por ta tranquil. E problema cu tabata bin halto cu e posible huramento di e parlamentario preso a keda resolvi na un manera simple y contundente: e por huramenta dia cu e ta homber liber atrobe. No a mishi cu su derechonan, pero no ta skirbi ningun caminda cu mester facilita un persona, cu no por yega na e lugar di huramento, un manera pa e por yega toch. Nos no por imagina nos mes cu un parlamentario electo, cu di repente termina den hospital cu un appendix cu no kier convivi cune mas, ta haya ambulance pa yega parlamento o despacho di Gobernador pa haci huramento. Den e caso ey tambe ta regla algo pa ora e persona ta den condicion di yega na e lugar unda e ceremonia mester tuma lugar.

Cu esaki e posibilidad di un confrontacion entre simpatizante di e politico y personanan cu ta di opinion cu ta un berguenza pa Aruba cu nos ta confronta cu un politico cu ta den prison preventivo, a keda resolvi di manera elegante. Tabatin un manera pa haci e cos aki bon y esey a sucede. Elogio na Gobernador y na Promer Ministro, pasobra den cualkier accion finalmente ta gobierno ta carga responsabilidad politico.

Sin embargo, cu e accion aki no a keda resolvi e problema structural cu ta solamente posible resolve a traves di cambio di Constitucion, si mescos cu St Maarten nos ta desea di hinca e stipulacion eyden, cu ta bisa cu parlamentario o ministro cu pa delitonan serio ta den prison preventivo, o cu ta ser acusa formalmente caba, lo ta automaticamente suspendi di nan puesto y ta nombra un reemplazante, cu ta ocupa e puesto te dia cu e persona en cuestion por bolbe. Loke no mester sucede ta cu aki algun tempo, ora nos haci pregunta como prensa unda e propuesta di ley ta keda cu mester regla esaki, nos ta topa cu un actitud negativo o nos ta haya un silencio hermetico como respuesta, contal cu henter e asunto a keda drumi atrobe, manera tantisimo otro cos ta parce den coma desde varios aña. Ademá, tin un motibo pa haci pura, pasobra posible, o probablemente, e ex-ministro aki por haya compania di mas mandatario o funcionario halto, acusa di delitonan similar. Si acaso nos tabata sufrí di un cierto tipo di 'inocencia' cu e cosnan ey ta pasa tur caminda pero no aki, ta bira tempo pa nos lanta for di soño. Ademá, mester bin claridad den e asunto aki, unda pa tur ambtenaar e suspension den caso di acusacion di delito (misdrijf) ta bon regla den e mesun Landsverordening Materieel Ambtenarenrecht (LMA) di cual tanto hende ta bisa cu e no ta sirbi, mientras

pa un of otro motibo ta kere cu politico ta di un clase social intachable, cu mester por keda sinta den nan oficina o den parlamento te ora e busje pasa busca nan. Mester tin un trato mas tanto posible uniforme pa tur esnan cu ta sirbi e pais den puesto oficial.

Di e banda ey nos ta contento cu cuatro sindicato cu ta representa ambtenaar recientemente a bin dilanti cu e peticion pa ta involvi activamente den e reforma cu lo mester bin den aparato publico, pa cual ta contempla tambe un revision profundo di e ley central pa tur empleado publico, e LMA ya menciona. Nan opcion pa ta parti di e consulta ta husto y corecto, tambe pasobra nos propio legislacion, atrobe LMA, ta prescribi extensamente con e consulta entre gobierno y sindicatonan representando empleado publico mester tuma lugar. Di otro banda, respet pa e consulta debido no ta kita e gravedad di e asuntonan cu mester trata y yega na consenso. Y ta importante pa keda corda cu no ta necesario semper pa yega na consenso, pasobra sidicato(nan) no tin un derecho di 'veto'. E obligacion legal ta e consulta, no di yega na un solucion cu ta carga 'visto bueno' di e sindicato(nan). Finalmente, no ta na e mesa ey cosnan ta keda dicidi. Tin un parlamento cu mester aproba loke gobierno ta trece dilanti como proyecto di ley di revision di LMA.

Pero, nos no por papia di LMA sin papia di e manera cu actualmente ta mancha e ley aki. Tin varios parti cu ta haya aplicacion y implementacion, pero e problemanan no ta tanto den un texto cu no ta duna espacio pa un aplicacion husto, sino cu no ta mancha e asuntonan cu e debido diligencia. Ora hasta un simple 'berisping' por tuma varios aña, pasobra finalmente e ta un documento den forma di un 'Landsbesluit', completo cu firma di Gobernador y mandatario, cu mester a cana henter un caminda formal pa por yega na man di e persona cu a actua robez. Esaki como medida disciplinario no tin ningun sentido. Esey no tin nada di haci cu e formulacion den e ley, pero si tur cos cu e bendita 'diligencia' legendario den nos gobernacion. Lo tin mas tema alrededor di LMA, unda lo bay ripara cu reformula ley ta un cos, pero si ta mantene e mesun ritmo di actuacion cu ta pone tortuga na berguenza, cu berdaderamente mester a keda atras den siglo pasa, nos no ta mehora mucho cos. Y e empleado publico tin derecho riba un trato husto, y diligente.

Prome Minister di Aruba Evelyn Wever-Croes:

Durante su ultimo bishita na Aruba como Secretario di Estado

Sr. Knops a expresa confiansa den Aruba su futuro

Kisas no tur momento tabata di acuerdo cu otro, pero si a mantene bon relacion cu otro

Secretario di Estado Raymond Knops tabata di bishita na Aruba pa e ultimo biaha como Secretario di Estado. A reuni cu Prome Minister Demisionario sra. Evelyn Wever - Croes y a trata diferente tema, entre otro palabracionnan cu Hulanda, Landspakket y Rijskwetten. E reunion a bay den bon ambiente y si refleha riba e ultimo añanan di Gobernacion sigur tabatin hopi momento cu no tabata facil den relacion cu demas

paisnan di Reino y Hulanda. Sigur tabatin momentonan bon y menos bon, sinembargo el a yuda pa Aruba sigui pusha pa yega na un areglo pa ricibi ayudo durante di e Pandemia.

Aworaki ta wak padilanti cu formacion di Gobierno nobo y un base asina ta duna hopi mas speransa y perspectiva pa futuro”, Premier Wever - Croes a expresa.

Secretario di Estado sr. Raymond Knops

Segun sr. Knops durante di e bishita cortico aki na Aruba a haya e oportunidad pa reuni y papia cu sra. Wever - Croes tambe riba resultadonan di eleccion pa cual a duna felicitacion y a trata e maneho hiba durante periodo di Gabinete Wever - Croes 1.

El a expresa cu tabatin bon cooperacion entre Gobierno Hulandes y Gobierno di Aruba y lo kier continua cu esaki pa atende cu e retonan cu tin. Sr. Knops a enfatisa cu durante e ultimo añanan e tabatin bon relacion di trabou cu sra. Wever - Croes y otro miembronan di Gobierno. Kisas no tur momento tabata di acuerdo cu otro, pero si a mantene bon relacion cu otro y cual ta un di e lesnan cu ta importante pa e relacion entre Paisnan den Reino, basa riba confiansa na bienestar di tur ciudadano.

Finalmente sr. Knops a expresa cu e ta mira un futuro sumamente briyante pa Aruba.

Alan Howell: “Ningun debchi a bay den mi saco”

Caso hudicial ta habri ainda, segun OM

Diahuebs mainta den parlamento Alan Howell, lider di partido POR, a duna su discurso di despedida. Durante su discurso Howell a gradici pa e oportunidad cu el a ricibi pa forma parti di parlamento di Aruba number 10, pero tambe el a duna un declaracion y a defende su mes, pa locual ta

trata e caso hudicial cu tin pendiente contra dje.

“Mi ta sumamente orguyoso, satisfecho, contento, cu no solamente mi a forma parti di parlamento number 10, pero tambe mi a haya e gran honor di por a asumi diferente rolnan den e parlamento aki”, Howell a bisa.

“E ta un honor pa bo ta un di e personanan cu por sinta den un di e 21 stoelnan aki den representando full bo pais Aruba, pa por aproba leynan, pa por bin cu mocionnan na bienestar di nos dushi pais Aruba”, Howell a bisa. “Mi ta hopi gradicido cu mi a haya tambe mayoria di e mocionnan cu mi a presenta na bienestar di nos pais Aruba, mi a haya sosten completo di Parlamento”.

Howell a describi su experiencia den parlamento como uno inolvidabel cu tabata tin su parti bon y su parti malo. Y na parti malo el a referi na locual ta trata e caso cu tin den su contra na Ministerio Publico.

“Experiencianan menos agradable cu mi a pasa aden tabata na momento cu mi haya mi confronta cu un asina yama caso penal cu mi mester a haya mi ta defende mi culpa, y mi ta gradici Dios cu na momento cu esaki a presenta, danki Dios na mi integridad

Venezuela: Maduro no kier duna espacio na otro partidonan den eleccion

(LaPatilla) - E dictador Nicolas Maduro a rechasa diamars e pedido di Merca pa crea condicionnan pa eleccionnan liber y husto na Venezuela.

Maduro a lesa e titulo di un noticia di un agencia cu tabata referi na un vocero di e departamento di estado pidiendo pa revoca e prohibicion pa partidonan politico y directenanan opositor.

"Ami ta bisa e gobierno di Merca, y e gobiernonan di mundo, no mete den e asuntonan interno di Venezuela, nos no ta mete den e desaster

electoral cu boso tabatin. No mete den e proces electoral interno, boso no ta doño di e pais Venezuela, e no ta un colonia di Merca. Yankee go home! No mete den Venezuela", el a grita den e transmision di VTV.

Maduro a afirma cu "Venezuela tin e miho sistema electoral mas comprobabel y verificabel na mundo", y el a sigura cu e proximo eleccionnan regional y municipal di dia 21 di november, "lo inscribi tur candidato cu mester inscribi".

Venezuela: Mas detaye conoci di reconversion monetario

(LaPatilla/NoticieroDigital) - Alex Vasquez, periodista di Bloomberg na Venezuela, a duna mas

detaye diamars ariba e reconversion monetario cu Banco Central di Venezuela lo implementa na

augustus, manera a keda detaya pa e agencia siman pasa, asina Noticiero Digital a splica.

"8 cero a wordo elimina prome. Awo ta bin seis mas. Lo bira 14 cero den total. E accion aki lo wordo realisa paso e operacionnan di pago na Venezuela no ta sostenibel. E companianan mester dividi den decenas di factura pa realisa nan pagonan. Mescos ta pasa cu e transaccionnan di hendenan dia pa dia. Si un hende gasta cerca di 200 dolar na cambio di bolivar, e lo mester pasa su carchi varios biaha. E ta algo cu no por warda mas. E ta wordo haci pa haci transaccionnan mas simpel, pero e no ta un solucion concreto", Vasquez a bisa.

El a remarka cu si e reconversion keda cumpli, e placa cu e designacion mas halto lo ta e papel di 100 bolivar.

"Actualmente un dollar ta ekivalente na 3.200.000 bolivar, despues di e reconver-

sion e lo costa 3.2 bolivar. Loke ta wordo busca ta pa no tin tanto cero. Nan kier duna un apariencia di cu e bolivar ta fortaleciendo", el a agrega.

Vasquez ta señala cu e medida aki ta leu di drecha e problema y controla e problema di inflacion.

"E ta imposibel pa sa exactamente cuanto tempo e lo dura, pero si e politica economico cambia, e placa nobo lo dura solamente un paar di aña, mientras cu e balor di e placa lo desaparece den un paar di luna", Vasquez a pronostica.

Segun fuentenan di e agencia Bloomberg, Banco Central di Venezuela lo realisa e cortamento di e placa despues cu e intento pa introduci placa di un designacion mas halto pa soluciona e inflación no a funciona.

Asina a determina CIDH den un rapport presenta diaran-son ultimo riba e bishita cu nan a haci na juni na e pais pa revisa e denuncianan di violencia policial y civil cu a laga decenas di morto y miles di persona herido durante man-

ifestacionnan.

"Comision Interamericano a ricibi informacion riba uso desproporcional di forsa, di violencia basa den genero, cu base di discriminacion etnico-racial, contra periodistanan, contra mision medico; irregularidad den e transport pa proteccion, denunci- anan di desaparicion, uso di asistencia militar di manera no adecua", e presidente di CIDH, Antonia Urrejola a resumi den un conferencia di prensa.

lombiano den dje, ta recoge echonan di violencia special- mente contra derecho di bida y integridad personal, tambe ta adverti riba diferencia den number di victimanan mortal, cu segun Urrejola a in- dica sociedad civil ta registra 84 persona.

Den sentido aki, e rapport ta compila testimonionan grave pa "trato cruel", inhumano y degradante cu por configura

tortura" y cu a tuma luga den varios detencion.

Costa Rica: Modelo pa Nacionnan Uni pa desaroyo economico

(Infobae) - **Como 64% di e economianan den desa- royo ta depende di expor- tacion di producto basico. Expertonan a adverti cu**

esunnan cu ta exporta sol- amente petroleo, manera e caso di Venezuela, por tin mas problema pa sali di e dependencia aki.

Economianan den desaroyo den regionnan manera Africa o America Latino, hopi de- pendiente di exportacion di producto basico, mester desa- roya nan capacidnan tecno- logico pa por sali di e "trampa di materia prima", segun un informe di Organisacion di Nacionnan Uni (ONU), cu ta menciona Costa Rica como e modelo pa sigui.

E estudio di e Conferencia di ONU pa Comercio y Desar- oyo (UNCTAD) ta revela cu 64% di e economianan den desaroyo ta depende di ex- portacion y cu nan situacion apenas a cambia den ultimo

20 aña, pero cu excepcion manera Costa Rica ta marca e ruta pa sigui.

E pais aki tabata depende te mitar di añanan 80 di expor- tacion di alimento y awor ta bende tecnologia o instru- mento medico, mustrando cu tin forma pa sali di e de- pendencia, segun e experto di UNCTAD, Janvier Nkurun- ziza.

Na 1965, 83% di exportacion di Costa Rica tabata producto alimentario, mas tanto coffi y bacoba, pero cuatro decada despues e porcentahe a baja te na 24% y e principal produc- to cu ta bay exterior (26% di

e total) tabata microcircuito electronico, sigui pa maqui- naria.

"E diversificacion tabata po- sible danki na un entorno po- litico cu ta apoya tecnologia, innovacion y capital humano necesario," e informe ta de- staca.

Nkurunziza a subraya cu, a pesar di e excepcion aki, America Latino ta un di e re- gionnan mas dependientes di materia prima, y a señala cu pa algun di e paaishan e situa- cion ta mas dramático, paso- bra nan ta depende di un o dos producto so pa alimenta- nan crecimiento economico.

Mientras algun analistanan y auto- ridadnan ta coincide den urgencia di bay back na lesnan presencial, entre e mayornan ta parce cu e miedo pa contagio ta prevalece.

"Nos no por bisa cu nos no tabata sa di e inhusticia cu ta existi den e region, cu ta hopi dramático. E pandemia a sirbi solamente pa amplia esey ainda mas" Mary Guinn Delaney, asesor di Oficina Regional di Organisacion di Nacionnan Uni pa Educacion, Cien- cia y Cultura (UNESCO) a bisa.

E pandemia a obliga mas di 154 mi-

yon estudiante y profesor di America pa adapta na lesnan online. Sinem- bargo, e alumnonan cu menos recur- so y docentenan a experimenta pro- blemnan di conectividad y no ta conta cu un luga adecua pa duna of haya les.

Francisca Morales, Oficial di Co- municacion di Fondo di Nacionnan Uni pa Infancia (UNICEF), a de- clara cu "no tur ta haya conectividad y muchanan cu tin mas recurso si ta hay'e, por lo tanto e buraco di ense- ñanza lo ta mas grandi cu esun cu ya nos tabatin caba".

Den e region, miyones di famia a su- fri e impacto directo di e pandemia: algun di nan a e perdida di un ser keri pa via di e virus y otronan pa motibo cu a keda sin trabou of nan entrada a disminui. Sinembargo, hopi a pidi prestamo pa cu su yiunan lo por a sigui lesnan online.

Latino America y Caribe ta e region na unda e ceramento di scol a ser pro- longa rond di mundo, cu un prome- dio mayor di seis luna, un encuesta cu UNESCO a haci na juni y cu a ser

contesta pa 18 pais den e region a se- ñala. Na maart di 2021, e mayoria di e nacionnan di e zona tabata bou un ciere total of parcial debi na efectonan di e di dos ola di e pandemia.

Na e sitio unda cu su compatriota Belgico Eddy Merckx, ken ta un leyenda den ciclismo cu 5 Tour de France gana, mester a ricibi oxígeno despues di a gana e etapa Ventoux den añ 1970, Van Aert a triunfa despues di dos subida inespera na e montaña iconico.

E etapa aki tambe a duna un poco di speranza na e rivalnan di e lider di e careda Tadej Pogacar cu e por ser baha for di su bara, despues cu e

campeon defendiendo su titulo a baha untiki durante e segundo subida, pero a logra elimina e deficit aki na momento di baha e montaña pa asina por mantene su t-shirt geel.

Van Aert tabata parti di un ekipo cu a forma e separacion den e comienso di e etapa number 11 di casi 200 kilometer den parti sur di Francia. E specialistan clasico di un dia y campeonnan di diferente eventonan den e mundo di ciclismo a haci su

movi decisivo riba e subida final pa laga atras su compañeronan den e separacion, y a mantene su bentaha durante e bahada drenta e ciudad di Malaucene.

“Mi sa mi no ta e mihor den subida, pero ora mi scoge mi dia mi sa cu mi tin mi oportunidadnan.” Van Aert a declara. “E prome biaha mi a subi e Ventoux mi tabatin 10, e tabata mi prome gran montaña. Mi tabata hopi motiva pa purba algo awe, y e region aki ta hopi famoso den Belgica, e ta casi manera un Tour magico pa subi.”

Pogacar tabata den cuarto lugar, 1 minuut y 38 seconde atras. E no a perde posicion entre su rivalnan mas grandi, te hasta aumentando su ben-

taha general despues cu su oponente mas sercano a cay na comienso di e etapa, Ben O’ Connor, ken a sufri un dia hopi dificil y a baha te e posicion number 5 en general.

Pero pa pomre biaha na comienso di e careda, Pogacar a muestra debilidad ora cu el a perde posicion contra Jonas Vingegaard.

“Mi no por a sigui te ariba, e tabata untiki dimas” Pogacar a comenta, “E tabata un dia super duro y super caluroso.”

Na final e tabata solamente un susto, mirando cu Pogacar te ainda tin un bentaha confortabel di 5 minuut y 18 seconde riba di Rigoberto Uran, cu Vingegaard den tercer lugar cu 5:32 den diferencia.

Abogadonan di R. Kelly ta pidi pa pospone huicio pa motibo di cuarentena

(AP/BBC) - Abogadonan di R. Kelly ta pidiendo hues pa pospone e huicio planea pa dia 9 di augustus tocante e trafico sexual den New York City, argumentando cu nan no tabatin suficiente tempo pa prepara pa motibo cu R. Kelly ta bao cuarentena mandatorio den prizon for di su transferencia di Chicago.

Den un carta di dialuna manda pa hues U.S District Judge Ann Donnelly, e abogado De-veraux Cannick a skirbi cu Kelly su cuarentena di 14 dia cual ta caba riba diamars ta haci cu apesar di loke Cannick ta bisa ta un “esfuerzo mesun fuerte cu hercules” pa por prepara pa e huicio despues di a ser contrata riba dia 21, no a logra.

Cannick a argumenta den e carta cu Kelly su abogadonan nobo no por a reuni den persona cu Kelly pa motibo di e cuarentena y cu si procede cu e huicio di e celebridad manera tin planea lo nifica cu su persona no lo ricibi representacion efectivo.

Kelly, ken su nomber legal ta Robert Sylvester Kelly, a ser poni den cuarentena na momento di su yegada na Metropolitan Detention Center den Brooklyn, riba dia 22 di juni di Chicago, unda cu e tabata deteni pa cargonan similar. Diamars lo marca e di 14 dia di Kelly su transferencia na Brooklyn.

“Robert ta ansioso pa su dia den huicio, pero no na costo di su derechonan humano.” Cannick a elabora, purbando di laga cla cu e peticion no ta un tactica pa atrasa e huicio.

Fiscalnan federal no a responde na Cannick su peticion, y a nenga di duna comentario. Donnelly te ainda tin cu duna un respuesta na e peticion.

Prizonnan federal ta poniendo prizoneronan nobo of transferi den cuarentena desde e comienso di e pandemia di COVID-19 como parti di e protocol pa preveni e plamamento di e virus.

Kelly, ken tin 54 aña di edad, ta ser acusa di ta e lider di un empresa cu ta consisti di su persona, su manager, su guardia y empleadonan cu a yuda su persona busca y contrata hende muhenan pa actonan sexual tanto pa R. Kelly como

pa otro personanan, similar di tur e otro prizoneronan y abogadonan. na prostitucion.

Tambe tin cargonan di asalto sexual, abuso di menor, tumultamento di potretnan indecente di menor y obstruccion di husticia. Fiscalnan federal ta bisa cu e grupo tabata selecta victimanan na conciertonan y otro luganan publico y tabata gaña e victima nan pa despues aregla tur cos pa e victimanan por biaha y conoce R. Kelly, momento cu R. Kelly tabata probecha pa keda cu e victimanan y usa nan como empleado pa actonan sexual trahando na un manera similar di culto sexual, cual a ser reporta pa otro medianan di noticia anteriormente, causando cu hopi di e victimanan a bin dilanti y a papia tocante e abuso cu nan a experienci cu R. Kelly.

Un di e victimanan Kitty Jones, a alega cu e artista a pone su eprsona pasa hamber, despues a forsa su persona tin relacion sexual cu un otro muhe, y a abusa di su persona fisicamente.

E cantante famoso, ken a yega di gana premionan Grammy ta nenga di a abusa di algun persona.

Cannick a comenta cu na momento cu R. Kelly su cuarentena caba, y e ta permiti pa e reuni cu su abogadonan, nan lo ta forsa di pleita pa un di e numbernan limita di conferencia na e prizon den Brooklyn. Si un camber di conferencia no ta disponibel, nan lo mester reuni na e mesanan normal den medio

Partido AVP cu acusacionnan falso y mentiroso contra nos Libertador Betico Croes y contra Glenbert Croes

Porco sushi ta busca muraya limpi pa frega su lomba riba dje!
Despues cu comunidad Arubano a ser sacudi na momento cu pa prome biha den Reino Hulandes un politico corrupto cera den KIA, esta Benny Sevinger a ser postula riba e lista di AVP y awo cu e ta na punto pa keda huramenta como parlamentario di pais Aruba, e makinaria di propaganda di AVP a start pa trata di mancha e memoria y imagen di nos Libertador Betico Croes y su yiu Glenbert Croes y cu e solo proposito pa trata di tapa e berguensa cu AVP a hinca nos pais aden.

Betico nunca condena pa corrupcion

Den nan desesperacion y sin-berguenseria politico AVP

a cuminsa lansa e mentira flagrante cu nos Libertador Betico Croes tambe a yega di bay sinta algun dia den prison y esaki pa motibo di supuesto corrupcion cu e lo a comete.

Na prome luga partido MEP ta condena e expresion baho aki haci contra Betico Croes kende a sacrifica su bida y di su famia pa logra e Status Aparte pa nos pais y cu awe nos tur ta disfruta di dje.

Na di dos lugar, hamas Betico Croes a ser condena pa corrupcion y ladronia di placa y tereno di pueblo manera si ta e caso di Benny Sevinger y pa cual te ainda e ta deteni den KIA y kende cu su actonan corruptivo a pone un mancha scur riba henter Reino Hulandes.

Hecho ta cu na 1978 un re-

volver defecto a ser poni den e auto di Betico Croes ora cu su auto a ser hiba pa laba na prison. Betico nunca tabatin un arma den su poder y no tabatin necesidad di esaki tampoco ya cu su unico arma tabata su pueblo cu a apoy'e masalmente den su lucha pa libertad di nos pueblo. Pa e echo di un arma poni intencionalmente den su auto, Betico a pasa 7 dia den prison victima di un inhusticia sin precedente den historia politico di Aruba. E dia ey un multitud di fiel siguidornan a acompaña Betico Croes na pia ora cu el a bay sinta su castigo den prison. Betico a demostra cu hasta sacrificio di libertad personal tabata parti di e lucha.

Partido MEP ta haci un apelacion na AVP pa stop cu nan atakenan baho contra nos Libertador y pa laga Betico Croes sigui sosega na paz!

Glenbert nunca condena pa corrupcion

Den e racha di mentira y odio di partido AVP contra famia Croes y MEP, un otro acusacion falso ta cu sr. Glenbert

Croes den pasado tambe a ser sentencia den Corte pa pago di un suma cuantioso na pais Aruba. Pero den nan mezinidad y odio contra tur loke ta concerni e famia di Betico Croes, AVP no a spli-ca cu e suma cu sr. Glenbert Croes mester a paga tabata pa e indexering di trahadornan di WEB. Di bon curason sr. Glenbert Croes a paga e suma aki na e trahadornan di WEB y su persona no a coy y no haya ningun florin for di e suma aki!! Finalmente Glenbert Croes como un bon Arubiano honesto, decente y responsabel a cumpli cu e sentencia di Corte y den transcurso di añanan a paga e suma aki bek na pais Aruba. Pues no tabatin net nada di ladronia y corrupcion den e caso aki!

Cinco cargo serio contra Benny Sevinger

Echo ta cu e caso di Glenbert Croes ta diferencia di dia y anochi cu e caso Avestruz di Benny Sevinger caminda Benny Sevinger a haci su mes culpabel di falsificacion di documentonan, estafa, aceptacion di soborno, mal uzo

di su funcion y labamento di placa. Tambe pa irregularidadnan relaciona cu otorgamento di un cantidad di terenonan comercial y pa cual sumanan di placa a core na miyones di florin. No ta pornada cu henter su bureau y amigonan fiel – den total 12 avestruz sospechoso - a ser deteni pa husticia y tur a sinta nan dianan den KIA, sperando nan caso wordo trata den Corte di Husticia.

Cu esaki tambe partido MEP ta desbarata tur e mentira y susedadnan cu partido AVP a lansa den e ultimo dianan aki contra nos Libertador Betico Croes y tambe contra Glenbert Croes. Ta increibel con te ainda e ex ministro y parlamentario Benny Sevinger ta ser carga den teblachi di oro pa AVP y cu esaki ta sigui pone cara di nos pais na berguensa internacionalmente. Pero cu e nomber di Aruba ta wordo susha no ta importa AVP ya cu nan ta sigui completamente e expresion di nan detenido Benny Sevinger: We don't give a damn!

Crucial pa esun cu tuma e reto: Pais Aruba y sigur husticia mester ta un prioridad

Resultado y escogencia di e pueblo ta conoci y sagrado y na su luga pa desea e siguiente gobernantenan y representantenan di pueblo e forsa y intencion corecto pa traha na bienestar y recuperacion di nos pais Aruba.

Incertidumbre ta reina grandemente riba nos isla pa mira kico lo ta e rumbo cu nos gobernantenan lo bay tuma y con ta bay yuda economia y demas sectornan den crisis cu tin cu haya tur e atencion y tur esaki den bon harmonia y colaboracion cu nos partners den Reino. Ta spera cu esaki y nada otro cu esaki lo ta e prioridad di esnan cu ta bay sigui cu e tarea otorga.

Lo kier mira madures politico sobresali caminda cu nan por compronde cu nos situacion ta critico, cu mientras ta mira otro como contrincante politico, na e momento aki no tin espacio pa e esaki. E focus y energia di e politiconan encarga cu guia di nos pais mester ta awor caminda esaki ta mas necesario cu nunca.

Diferencia di partido y ideologia no mester ta bo oponente politico, nos ta den un crisis di un embergadura nunca antes riba nos isla. Nos unico oponente mester ta e pobreza den pueblo, falta di husticia, falta di dialogo, crimen, falta di proteccion pa nos muchanan, problema social y asina ey por menciona hopi mas cu mester di nos maximo atencion.

Na e persona cu lo haya e encargo pa cu e cartera di husticia, lo desea pa e ta digno, intachabel, integro, capacita y cu ta gosa di e confiansa y respet di e Cuerpo/Departamentonan cu lo tin cu confia den e lidersgo y plan concreto pa restructura nos husticia.

E liderasgo y plan cu ami lo a representa dignamente y sin duda alguno. Kier mira un persona cu lo haci lo corecto pa sirbi e pueblo, trece confiansa bek den husticia, y traha incansablemente pa rescata tur locual nos a bay atras den husticia. Tempo ta dificil pero pa Dios nada ta imposibel.

Bista Politico ta un seccion di **Bon Dia Aruba** specialmente pa brinda oportunidad na tanto partido politico como politico individual pa expone nan opinion. Contenido publica di ningun manera ta refleha opinion di **Bon Dia Aruba** y ta pa responsabilidad exclusivo di e organisacion/individuo cu ta ofrece esaki pa publicacion. **Bon Dia Aruba** ta reserva e derecho di no publica texto ofreci, si esaki segun e medio no ta cuadra cu e normanan di decencia cu nos ta mantene, pa evita contenido cu ta innecesariamente ofensivo. Parlamentario Endy Croes: A felicita 20 Parlamentario

Candelario No a presenta na ultimo reunion di Parlamento # 10 mustrando asina su decontento

Parlamentario Endy Croes a ilustra cu e show di Mike Eman y AVP ta continua apesar cu den AVP tin masha herida habri y un weya di sopi ta cushina. Diaranson mainta Parlamento # 10 a jama un reunion publico pa asina trata credencial (geloofsbriefen) di e Parlamentarionan nobo cu mester huramenta diahuebs mainta. Durante e reunion publico aki tur Parlamentario di Parlamento # 10 a ricibi e oportunidad di sea gradisi, conta algo di e ultimo 4 aña nan etc etc. Remar-cable tabata ta cu Benny Sevinger no a bin como cu e ta sera den KIA y ta comprendibel. Pero Robert Candelaria tampoko a presenta. Esaki ta un muestra cu Robert Candelaria ta hopi rabia comokiera e ta bringa pa Integridad aunke Candelaria no ta di e Integro ey. Nos por corda ticketnan

cu a wordo paga cu plaka di pueblo na 2017 na 4 ocasion pa e bin Aruba desde Corsow pa negosha su numer riba lista. Te awe Robert no a paga esaki bek. Robert no tabata den dienst di Land Aruba y no por a biaha riba custia di pueblo. Tambe a cobra suma di 8000 pa luna sin nunca a skirbi un advies como consehero di Mike de Meza. Pero bottomline tin un rabiamento pisa interno den AVP. Pues no solamente for di Accion 21 y MAS tin bulamento afor di partido y problem-anan severo interno ni un siman despues di eleccion pero a constata cu den AVP cos no ta manera canta un macamba.

Mike y Benny ta keda insisti:

Mike Eman y Benny ta keda insisti cu Benny lo mester wordo huramenta aunke sea den KIA na santo patia. Otro-

nan den AVP masha rabia cu e hecho aki y Robert Candelaria su ausencia a papia kla durante e reunion di parlamento diaranson mainta. Marlon Sneek ta otro cu ta hopi gehurt. Marlon a dedica casi 12 aña na Partido AVP halando voto den Dakota y grita manera alma malo aña aden y aña afor pa defende su partido y a fungi como Lider di Fraccion di AVP ultimo 4 añanan. Dowers un "tercio" ful kima caba cu casi nunca a presenta na trabou a logra haña un number prominente cerca Mike Eman esta number 3. Mike de Meza tambe un politico sin futuro a haña number di Benny esta number 2. Esnan cu a hala garoshi a wordo tira na number 10 y 11 sin ningun speranza y awe Marlon mester biba cu e realidad cu faltando 6 luna pa e por cobra "volle pensioen" e mester bay school bek bay duna les. Asina Mike Eman ta trata su hendenan. Jennifer Arends Reyes ta otro

hopi herida. Tambe a wordo geschop na number 11 pa duna manera un Mervis Wyatt Ras kende a bin di MEP un number pa e keda como Parlamentario riba lista. Awe por mira e resultado Jennifer cu 530 votos y Marlon Sneek cu 336 ta pafor di Parlamento. Lokual por a tende ta core den innercercel di AVP ta cu Rycond Santos Do Nascimento cu apenas 214 votos na number 5 pues un professor inpopular lo probecha di un stoel den Parlamento dilanti tur esnan cu a hala garoshi pa AVP. AVP un mal mama pero un bon madrasa por a scucha ayera den Parlamento for di nan propio seno. Entre number 7 cu ta Candelaria te na number 11 cu ta Jennifer tin 2285 votos cu a wordo ignora. Lo tabata na su lugar pa laga Benny afor cu su 1614 votos y duna un den e grupo aki e presentacion desente den Parlamento. Pero bueno den problema interno nos lo no mete. Un cos ta sigur cu

e weya ta herebe den AVP cu hopi politico desgusta y rabia na forma con a escoge un sospechoso nan dilanti. Mundo riba su cabez. Robert Candelaria un pastor y x hefe di polis ta keda pafor pa Benny sospechoso principal di husticia den un caso monstroso di corrupcion mester huramenta como Parlamentario siendo den KIA dilanti Candelaria. Het kan verkeren! Ta keda awor pa mira kiko ta e desicion final di Gobernador kende tin e batata cayente den su man pa huramenta un preso. Gobernador lo sa di inventa algo pa esaki no so-code? Only in Aruba.

Miembronan di directiva di Accion21 y candidatonan ta anuncia y alaves aclarea riba relatonan di ultimo dianan

Den tur partido tin diferencia di opinion y lamentablemente den e caso aki Accion21 y e tres candidatonan en cuestion no por a yega na un acuerdo pa resolbe dicho diferencia. Consecuentemente Sr. Figaroa, Sra. Lejuez y Sr. Soto Garcia a tuma e decision pa no sigui forma parti di nos partido.

Nos ta desea Sra. Lejuez, Sr. Figaroa y Sr. Soto Garcia tur clase di exito den nan carera politico.

Aun, e difamacion y acusa-

cion falso contra nos partido ta di lamenta.

E prome punto pa aclarea ta cu e partido y tambe otro miembronan di e equipo di Accion21 a tuma contacto cu Sr. Figaroa varios biaha durante varios dia pa dialoga tocante un cierto acusacion. Despues di no a ricibi confirmacion pa un dia y tempo pa dialoga, no a keda nos nada otro di postpone su participacion den e "millennial debate" como consecuencia di e acusacion serio aki pa salvaguardia e integridad di e debate.

Aparte di esaki, e motibo pa firma un acuerdo confidencial ta pa proteha e bienestar di e partido y pa cada candidato sinti nan mes liber pa expresa sentimiento y opinion na esunnan interno, tambe pa proteha e posibel plan y discusionnan dentro di partido.

E segundo punto di atencion ta e echo di statuto. Accion21 a tuma varios medida pa cos cana segun ley. Un abogado cu ta conoce su materia y tin hopi aña di experiencia a lesa nos statuto y e interpretacion ta como lo siguiente: Tin e oportunidad pa keda miembro di nos directiva como candidato, sinembargo na e momento di tuma posicion den gobierno mester retira di e directiva. Pa es motibo nos como partido a nombra dos miembro nobo di directiva dialuna y Sr. Miguel Mansur lo retira prome cu huramen-

ta.

Nos di Accion21 ta kere firmamente den liderazgo y no atake personal. E sosedido aki ta lamentablemente un indicator di e echo cu kisas nos principionan no tabata riba mesun liña cu tur miembro di partido for di inicio. Accion21 ta un partido y un team cu ta para pa traha hunto y nos 11 candidatonan ta hopi orguyoso di sigui bay dilanti. Exigencianan pa beneficio personal, kiernan y agenda personal, no tin lug den politica nobo.

Accion 21 ta un partido nobo cu ta sigui crece, desaroya y ta para fuertemente pa nos vision, mision y plan di partido presenta pa e mehoracion di Aruba trahando hunto y pa nos pueblo.

E union di nos partido ta locual lo trece nos na nos

metanan. Union di nos partido y e confiansa di pueblo a yuda nos yega na parlamento pa asina trec'e cambio manera ta describi den nos plan di partido.

Accion21 ta uni y ta cla pa sigui dilanti. Nos lo semper opta pa mantene nos integridad, balor y principionan, y e plan di partido cu nos votador y siguidonan a kere aden.

Nos como un partido ta kere firmemente den nos lider Sr. Miguel Mansur y tambe nos votadonan. Hunto nos lo surpasa tur obstaculo y sigui dilanti. Trahando duro pa nos pueblo y tur esunnan cu a deposita nan confiansa den nos. Un bes mas nos kier gradici pueblo di Aruba pa e confiansa den nos partido, y nos ta sigui wak pa dilanti pa salvaguardia e bienestar di nos pais.

Cft: “Pone na ordo tanto maneho financiero como aprobacion di e presupuesto na tempo”

Gobierno di Sint Maarten ta para dilanti di reto grandi relaciona cu presupuesto (di mas aña). E presupuesto pa e aña coriente 2021 ta presenta un deficit di aproximadamente 20% di e Producto Interno Bruto y te ainda Gobernador no a aprob’e. Sint Maarten lo mester traha cu energia y segun plan pa reduci e deficit presupuestario y crea un surplus. Di e forma ey lo por cumpli cu e normanan di e Ley di Reino di Supervision Financiero (Rft) y

lo por cuminsa paga e debenan haltisimo di e Pais. Pa haci cuida medico y seguridad social sostenibel, reforma structural dirigi riba limitacion di gasto ta inevitabel. Colegio di supervision financiero (Cft) ta urgi atrobe pa pone na ordo e maneho financiero y pa aproba e presupuesto anual na tempo. Esaki ta e unico manera pa Gobierno y Parlamento bolbe bin na control.

Na mita di aña ainda Sint

Maarten no a aproba e presupuesto di 2021. Segun Rft esey lo mester tabata e caso dia 15 di december di aña pasa caba. Cft ta haya esaki un situacion preocupante, pasobra entretanto tur atencion pa regla lo mester tabata dirigi riba e presupuesto di 2022. Eyden lo mester inclui un plan tocante con por converti e deficitnan presupuestario den surplus.

Pa minimisa e deficit den e presupuesto mas tanto posibel lo mester tuma medida pa aumenta entrada y reduci

gasto. Un di e posibilidadnan pa logra esey ta di haci e prima di seguro di malesa di e empleadonan publico igual na esun di e empleadonan den sector di mercado. Un di dos posibilidad ta di aumenta considerablemente e limite di sueldo pa seguro di malesa y seguro di accidente. Un di tres posibilidad ta di laga e politiconan tambe paga pa nan seguro di malesa y pa nan pensioen.

Ta necesario pa mehora sustancialmente cumplimiento di e obligacionnan fiscal.

Asina lo por alcanza un reparticion husto di e carga entre ciudadano y empresariado, fin di competencia inhusto y reduccion di e deficit den e presupuesto nacional.

Den e proyecto di ley final pa e presupuesto di 2020 a stipula, entre otro, cu lo reduci e periodo di cesantia (wachtgeld) pa e mandatarionan politico di 2 pa 1 aña. Cft ta balora esaki como un stap den e bon direccion.

E miembronan di Cft di Corsou y Sint Maarten a bishita Sint Maarten di dia 5 pa dia 7 di juli 2021 y a hiba combersacion cu Gobernador, Ministro Presidente, Ministro di Finansa, Ministro di Salud Publico, Desaroyo Social y Asunto Laboral y e Comision Financiero di Parlamento.

Sint Eustatius

Dia 5 di juli Cft Boneiro, Sint Eustatius y Saba a haci un bishita na Sint Eustatius y a hiba combersacion cu Comisario di Gobierno, Comisario di Gobierno suplente, Consejo Insular, Director di Maneho Operacional y Director di Finansa. Cft a keda impresionado pa e cantidad di proyecto andando y di proyecto termina, y e mehoracionnan den e maneho financiero despues di e bishita anterior di Cft na 2019.

dirigi e avion Dash, e helicop- ter y un patruxa na Boneiro pa mesora haci un buskeda di e piscado y su boto Flipper. E Centro di Rescate y Coordinacion di Wardacosta a saca un notificacion pa barconan riba lama den bisindario pa nan tambe tin un ‘sharp lookout’ pa e boto perdi. Cuerpo Policial Hulanda Caribense ta traha bou di supervision di Ministerio di Husticia y Siguridad di Cuerpo y Ombudsman Nashonal

Recientemente tabata tin diferente keho den media relaciona cu falta di confiansa den e cadena hudicial na Boneiro.

E mensahenan aki ta relaciona cu tanto casonan bieu como casonan andando interno y casonan penal. Cuerpo Policial Hulanda Caribense ta traha bou di supervision di Ministerio di Husticia y Siguridad (Ministerie van Justitie en Veiligheid), Administrado di Cuerpo (Korpsbeheerder), y Ombudsman Nacional. Y similar na otro cuerponan den region y na Hulanda ta sigui procedura y ley den nos trabou.

E leinan aki ta brinda tanto comunidad como nos partnernan den e cadena hudicial guia pa loke ta trata nan trabou y ta proteha procesonan.

Maneho di keho

Na momento cu realisa un keho relaciona cu accion di un polis semper tin un investigacion interno. E investigacion aki ta uno amplio y den caso cu ta trata un echo castigabel pa ley OM lo husga esaki. Ora conclui e investigacion aki, lo papia cu e colega concerni y eventualmente haya sanshon

conforme eCodigo di Ambtenaar ofCodigo Penal. Trahadu semper por apela esaki. Asina a parti varios but interno pa colega cu a viola e lei di emergencia durante lockdown den nan tempo liber. Hefe di Cuerpo Policial ta di opinion cu tur hende mes-ter tene nan mes na mesun regla, specialmente colega cu mester ta un ehempel pa comunidad. KPCN semper ta duna ‘feedback’ na esun cu a entrega keho.

Procedemento di haci denuncia

Ora un persona a haci denuncia contra cuerpo policial, Bureau Interne Zaken ta investiga e caso prome. Despues ta consulta cu Ministerio Publico (OM) kende ta determina si ta trata di un denuncia penal y si mester ehecuta esaki bou di nan supervision. Den e caso aki ta traspasa e caso pa OM pa tratamiento. Den caso excepcional, caminda ta purba di preveni conflicto di interes, OM por dicidi di haci traspaso pa Procurador General (PG). E PG ta e ‘supervisor’ di OM y e ta haci peticion pa Rijksrecherche pa sigui trata e kaso.

Durante transcurso di un caso, no ta usual cu ta duna updates, pa motibo di privacidad y pa e principio di ta inocente te ora cu dicta e hucio final.

OM ta comunica tocante di esaki ora finalisa casonan (despues di un sentencia).

Areglo di keho

Cuerpo Policial Hulanda Caribense ta tene e confiansa cu comunidad di Boneiro, Saba

y Sint Eustatius ta dun’é, na pecho. Cu e puntonan ariba menciona Cuerpo Policial conoce un areglo di keho, caminda ciudadanonan y organisacionnan por haci uzo di dje.

E areglo aki ta haci posibel pa entrega keho contra comportacion di polis y/of keho tocante e tratamiento di casonan pendiente. Un entidad externo y independiente ta trata e keho y ta duna conse-

ho na e Hefe di Cuerpo Policial kende ta tuma un decision tocante e comportacion. Dado caso si e persona cu a entrega keho no ta satisfecho, e por apela cerca Nacional Ombudsman.

Cu tur e procedura- y leinan aki, cual conforme e rapport di mantencion di ley ultimamente, ta funciona bon, KPCN ta purba di ta mas transparente posibel y siña for di eventual erornan.

INFORMACION PA PUEBLO DI ARUBA:

Nos ta acercando e temporada di mas calor di aña, esta July, Augustus y September. Kisas ta bon pa bisa cu e temporada extendeteluna di October. Esaki ta debina diferente motibo cu nos ta bai trese dilanti.

Indice di rayonan solar cu ta mas grandi durante e temporada di aña aki. Humedad halto den atmosfera cu ta ponebo sinti sofoca. E cantidad di bes cu fluho di biento normal ta wordo interrumpi door di sistemanan cu ta pasa den region of ta forma pafo di region local pero tin influencia riba e biento.

Asina nos por haña nos den e temporada aki cu olanan di calor cu por afecta e isla of e region.

Un ola di calor ta un periodo, usualmente 3 pa 5 dia, cu temperature y humedad ta mas halto cu normal.

Nos no por bai contra naturalesa pero por purba hasi e efectonan di e calor aki menos.

Pa hasi esaki nos por hasi lo siguiente; No para hopi den solo, buska refugio y no expone bo mes dimas na rayonan di solo. Permanence mas tempo den sombra.

Si ta necesariamente bo mes-ter ta den solo, usa crema contra rayonan di solo of sun blocker. Bebe hopi liquido den forma di awa of juice. Sinembargo, e juice no mes-ter tin muchu

sucu, sino e ta dunabo mas sed. Bisti paña di color li-cht, preferibel no usa col-ornan scur ya cu esaki ta bai ponebo sinti mas calor. Pa e hendenan cu ta gusta disfruta di lama, usa crema contra rayonan di solo: sunblocker.

Si bo ta cana den solo usa sombre, petchi of algo pa tapa bo cabes contra di solo, tambe proteje e bista contra e rayonan di solo usando bril di solo. Semper busca luganan ventila of sinta den aircu mas tanto cu bo por pa evita calor. Prinsipalmente si bo ta sufri malesa di curason, sucu of precion halto, na e prome in-dicio di sinti bo curpa malo, acudi na un centro di aten-cion medico.

Pa loke ta trata influencia di sistemanan tropical riba e cli-ma di tur dia, esaki por varia debi na diferente motibo: kon leu e sistema ta pasa, si e ta causa awacero of no, con fuerte e ta, kiko e ta hasi cu e biento den bo region. Siste-manan tropical por causa awacero, hopi biento, lama bruto. Afortunadamente e influencia aki riba e clima normal no ta dura hopi, un paar di dia kisas, despues tur cos ta normalisa.

Na e momentonan aki nos ta enfrentando Elsa, cu ta un menasa pa area di Caribe. Sinembargo, segun tur e pro-nosticonan, Elsa ta bai pasa na un distancia basta safe (mas o menos 375 pa 400 km) Noord di Aruba. Esaki kier-men cu nos lo no bai haña biento duro di Elsa, kisas algo di weer, awacero, strena cu lamper, y lama cu lo bai bira poco bruto pa un periodo di tempo no define ainda.

Esaki, debi cu Elsa ta poco leu ainda pa bisa cu claridad kiko ta bai pasa exactamente. Pa e motibo aki ta pidi un y tur pa keda pendiente di e boletinnan di tempo cu De-partamento Meteorologico di Aruba lo emiti pa asina keda informa di e situacion.

di nada
Den cunucu di yerba berde e ta
ponemi sosega.

Tropical Storm Elsa makes landfall, heads to Georgia

(AP) — A weakened Tropical Storm Elsa dumped rain across Florida's northern Gulf Coast early Wednesday, sparing the state from significant damage as it churned toward Georgia with threats of flooding downpours and possibly tornadoes.

Elsa wobbled through the Gulf of Mexico, briefly reaching hurricane strength, but moved ashore as a tropical storm late Wednesday morning. The U.S. National Hurricane Center said the storm made landfall in lightly populated Taylor County, Florida, with maximum sustained winds of 65 mph (105 kph).

Gov. Ron DeSantis told a news conference that no major structural damage or storm deaths had been reported.

"Clearly, this could have been worse," the Republican governor said, though he cautioned that many storm-related deaths happen after the system passes. "Be very careful when you're working to clear debris."

Even after Elsa struck land, tropical storm warnings remained Wednesday afternoon along Florida's Big Bend as well as for the entire Georgia and South Carolina coasts. Tornado watches were also in effect in parts of northern Florida and southeast Georgia until 8 p.m. Wednesday.

Scattered power outages were being reported along Elsa's path Wednesday afternoon, with about 30,000 homes and businesses on either side of the Georgia-Florida state line

without electricity, according to the website poweroutages.us.

In Steinhatchee, Florida, not far from where Elsa came ashore, there was some flooding, but no worse than the town typically sees from heavy rain, said Melissa Roper, whose family owns Off The Clock Fisheries and Marina along the Steinhatchee River.

"It's definitely a lot better than expected considering it was supposed to be a hurricane that hit," Roper said. "We're pretty fortunate."

Elsa's center was forecast to cross into southeast Georgia on Wednesday afternoon, bringing a risk of flooding from an anticipated 2 to 4 inches (5 to 10 centimeters) of rain. The storm was forecast to move into South Carolina early Thursday, and by Friday its effects could be felt as far north as New England.

The storm complicated the search for potential survivors and victims in the collapse of a Miami-area condominium on June 24. Regardless, crews continued the search in the rubble of Champlain Towers South in Surfside, Florida, on the state's southeast coast.

The storm also temporarily halted demolition Wednesday on the remainder of an overturned cargo ship off the coast of Georgia. The South Korean freighter Golden Ray capsized in September 2019 off St. Simons Island, about 70 miles (110 kilometers) south of Savannah. Crews have removed more than half the ship since November.

Most salvage workers were sheltering indoors Wednesday, said Coast Guard Petty Officer 2nd Class Michael Himes, a spokesperson for the multiagency command overseeing the demolition. The towering crane being used to cut the ship apart into giant chunks remained in place straddling the wreck, stabilized by mooring lines attached to anchors and pilings. The crane was also anchored to the shipwreck itself, which weighs about 13,200 tons (12,000 metric tons), Himes said.

"As far as the wreck shifting, that's highly unlikely," Himes said.

Himes said crews would be watching to see if Elsa's winds scatter any debris from the ship into the surrounding water. The vessel's remains

are open at both ends, like a giant tube on its side, and its cargo decks still contain hundreds of bashed and mangled cars.

At the Hillbilly Fish Camp and R.V. Park in the south Georgia town of Waycross, Margie Freitag hunkered down Wednesday after pulling boats out of the water and picking up loose items ahead of the storm. Freitag said she had plenty of supplies after stocking up for the coronavirus pandemic.

"We already had flashlights and batteries and were totally stocked up with food, water and things like that," she said. "We're right on the lake and we can see the rain hitting and wind coming across the lake."

In Vidalia, Georgia, residents were just east of where forecasters expect Elsa to track. Because conditions are often more intense to the east of a storm's center, officials feared that heavy winds and rains could bring down trees and power lines there.

"That's what concerns me," Mayor Doug Roper III said. "We're praying for the best, but prepared for the worst."

Out on Edisto Beach, South Carolina, where a tropical storm warning was in effect, Wednesday started muggy and overcast.

"The kind of day you can just feel the weather wanting to

move in," Mayor Jane Darby said.

The forecast for the barrier island 30 miles (48 kilometers) down the coast from Charleston was similar to a heavy summer thunderstorm — an inch or two (2.5 to 5 centimeters) of rain, winds gusting up to about 40 mph (64 kph) and maybe a little beach erosion with the worst of Elsa expected between low and high tides. Other South Carolina beaches expected similar conditions, coming mostly overnight to be less of a bother to visitors during an extremely busy summer.

"Businesses are struggling with workers in short supply a lot more than they are going to be bothered by this storm," Darby said. "That's where the stress is now." Elsa is already the third tropical system to hit South Carolina. In June, Tropical Storm Claudette moved across the northern part of the state after making landfall in Louisiana and Tropical Storm Darny hit land near Hilton Head Island. Both storms caused only minor damage.

Meanwhile, the U.S. Coast Guard said 13 people were rescued from a boat that had left Cuba with 22 people aboard late Monday. Nine people remained missing.

Elsa is the earliest fifth-named storm on record, said Brian McNoldy, a hurricane researcher at the University of Miami.

California to pay victims of forced, coerced sterilizations

(AP) — California is poised to approve reparations of up to \$25,000 to some of the thousands of people — some as young as 13 — who were sterilized decades ago because the government deemed them unfit to have children.

The payments will make California at least the third state — following Virginia and North Carolina — to compensate victims of the so-called eugenics movement that peaked in the 1930s. Supporters of the movement believed sterilizing people with mental illnesses, physical disabilities and other traits they deemed undesirable would improve the human race.

While California sterilized more than 20,000 people before its law was repealed in 1979, only a few hundred are still alive. The state has set aside \$7.5 million for the reparations program, part of its \$262.6 billion operating budget that is awaiting Gov. Gavin Newsom's signature.

California's proposal is unique because it also would pay women the state coerced to get sterilized while they were in prison, some as recently as 2010. First exposed by the Center for Investigative Reporting in 2013, a subsequent audit found California sterilized 144 women between 2005 and 2013 with little or no evidence that of-

ficials counseled them or offered alternative treatment.

While all of the women signed consent forms, officials in 39 cases did not do everything that was legally required to obtain their permission.

"We must address and face our horrific history," said Lorena Garcia Zermeño, policy and communications coordinator for the advocacy group California Latinas for Reproductive Justice. "This isn't something that just happened in the past."

California's forced sterilization program started in 1909, following similar laws in Indiana and Washington. It was by far the largest program, accounting for about a third of everyone sterilized in the United States under those laws.

California's law was so prominent that it inspired similar practices in Nazi Germany, according to Paul Lombardo, a law professor at Georgia State University and an expert on the eugenics movement.

"The promise of eugenics at the very earliest is: 'We could do away with all the state institutions — prisons, hospitals, asylums, orphanages,'" Lombardo said. "People who were in them just wouldn't be born after awhile if you sterilized all of their parents."

In California, victims include Mary Franco, who was sterilized in 1934 when she was just 13. Paperwork described her as "feeble minded" because of "sexual deviance," according to her niece, Stacy Cordova, who has researched her case.

Cordova said Franco actually was molested by a neighbor. She said her family put Franco in an institution to protect the family's reputation.

Cordova said her late aunt loved children and wanted to have a family. She married briefly when she was about 17, but Cordova said the marriage was annulled when the man discovered Franco couldn't have children. She lived a lonely life in a Mexican culture that revered big families, Cordova said.

"I don't know if it is justice. Money doesn't pay for what happened to them. But it's great to know that this is being recognized," said Cordova, who has advocated for the state to pay survivors. "For me, this is not about the money. This is about the memory."

Relatives like Cordova aren't eligible for the payments, only direct victims are.

Sterilizations in California prisons appear to date to 1999, when the state changed its policy for unknown reasons to include a sterilization procedure known as "tubal

ligation" as part of inmates' medical care. Over the next decade, women reported they were coerced into this procedure, with some not fully understanding the ramifications.

A state law passed in 2014 bans sterilizations for the purpose of birth control at state prisons and local jails. The law permits sterilizations that are "medically necessary," such as removing cancer, and requires facilities to report each year how many people were sterilized and for what reason.

Questionable sterilizations also occurred in facilities run by local governments. In 2018, the Los Angeles County Board of Supervisors apologized after more than 200 women were sterilized at the Los Angeles-USC Medical Center between 1968 and 1974.

Those people are not eligible for reparations under California's program. But advocates say they hope to include them in the future.

"It's only the beginning," said state Assemblywoman Wendy Carrillo, a Democrat from Los Angeles who has been advocating for reparations. "I can't imagine the trauma, the depression, the stress of being incarcerated, being rehabilitated and trying to start your life again in society, wanting to start a family, only to find out that that choice was taken

away from you."

Of the people California sterilized under its old eugenics law, just a few hundred are still alive, according to research conducted by the Sterilization and Social Justice Lab. Including the inmates who were sterilized most recently, advocates estimate more than 600 people would be eligible for reparations.

But finding them will be difficult, with advocates predicting only about 25% of eligible people will ultimately apply for reparations and be paid.

California's Victim Compensation Board will run the program, with \$2 million used to find victims by advertising and poring through state records. The state also set aside \$1 million for plaques to honor the victims, leaving \$4.5 million for reparations.

Teen who recorded Floyd's arrest loses uncle in police crash

(AP) — The uncle of a teenager who recorded the last moments of George Floyd's life in a video that helped launch a global protest movement against racial injustice has died in a crash involving a Minneapolis police car, officials

confirmed Wednesday.

Darnella Frazier said in a Facebook post that Leneal Lamont Frazier died early Tuesday after his vehicle was struck by the squad car that police said was pursuing another driver linked to several

robberies. Leneal Frazier's death was verified in a news release Wednesday by the Hennepin County Medical Examiner, who listed the cause as "multiple blunt force injuries."

Frazier was not involved in the pursuit and his niece questioned why police were conducting a high-speed chase on a residential road.

"Another Black man lost his life in the hands of the police!" Frazier wrote. "Minneapolis police has cost my whole family a big loss ... today has been a day full of heartbreak and sadness."

According to police, the squad car and two other vehicles collided about 12:30 a.m. after the suspect fled

from a traffic stop. The driver of one of the other vehicles was taken to North Memorial Health in Robbinsdale, where he later died. The officer involved in the crash was treated at a hospital. Police did not release the names of those involved.

The officer was pursuing a driver who was in a vehicle linked to a carjacking and to robberies at a number of businesses, said Minneapolis police spokesman John Elder. The suspect remained at large, Elder said.

Darnell Frazier was 17 when she recorded the arrest of Floyd, a 46-year-old Black man, on May 25, 2020. Former Minneapolis police officer, Derek Chauvin, who

held his knee to Floyd's neck as Floyd was handcuffed and face down on the street, was convicted and sentenced to 22 1/2 years in prison. The three other former officers who were at the scene are due to stand trial in March. All four also face federal civil rights charges.

Frazier testified at Chauvin's trial that she was walking to a corner grocery store to get snacks with her then-9-year-old cousin when she saw a man being pinned to the pavement, "terrified, scared, begging for his life," so she pulled out her cellphone and began recording.

She was given a special citation by the Pulitzer Prizes last month for her recording.

Pharmacy exec resentenced to 14 years in meningitis outbreak

(AP) — A founder of a now-defunct Massachusetts pharmaceutical facility responsible for a deadly meningitis outbreak will spend 14 and a half years behind bars, a federal judge ruled Wednesday, lengthening his initial punishment of nine years that was tossed out by an appeals court.

Barry Cadden, who was president and co-owner of the now-closed New England Compounding Center, showed little emotion as he was sentenced for a second time after being convicted of fraud and other crimes in the 2012 outbreak that killed 100

people and sickened hundreds of others.

The 1st U.S. Circuit Court of Appeals vacated Cadden's sentence last year and ordered the judge to re-examine whether certain enhancements in sentencing guidelines that call for stiffer punishments should apply.

The outbreak was traced to mold-tainted steroid injections produced by the company in Framingham, located about 20 miles (32 kilometers) west of Boston. The scandal threw a spotlight on compounding pharmacies, which differ from ordinary drugstores in that they cus-

tom mix medications and supply them directly to hospitals and doctors.

Prosecutors say the facility cut corners to boost profits, neglected to properly disinfect its rooms, shipped drugs before receiving test results and ignored warning signs that its production methods were unsafe. Prosecutors had urged U.S. District Judge Richard Stearns to resentence Cadden to more than 17 years in prison.

"Mr. Cadden ran an operation full of fraud and opportunism that was so risky to patients and he profited well off of it," said Assistant U.S. Attorney Amanda Strachan,

chief of the health care fraud unit in Massachusetts' federal prosecutors office. "He knew the dangers he was creating for patients in this country every time he got behind the wheel at NECC."

Strachan read aloud a letter written from the mother of a woman who continues to suffer serious health problems and is confined to bed 75% of the time as a result of receiving the mold-tainted injection. Laura Brinton's mother implored the judge to impose a longer punishment, detailing the agony that her daughter and others have endured.

"My beautiful, educated, gracious, successful daughter has asked me many times why we didn't let her die," Brinton's mother wrote in the letter. "I have told her we all hoped that living would bring with it restored health. How wrong we were."

After lengthy trials in Boston's federal court, Cadden and pharmacist Glenn Chin, who oversaw the facility's so-called clean rooms, were both acquitted of second-degree murder under the federal racketeering law but were found guilty of fraud, racketeering and other crimes.

They were both subsequently charged with second-degree murder in Michigan

state court, where the cases are still pending.

Cadden's lawyers had tried to push the blame onto Chin and argue Cadden had every reason to believe the drugs were sterile. Chin pointed the finger back at Cadden, arguing that the co-owner was the one calling the shots.

Cadden tearfully apologized to the victims during his first sentencing hearing in 2017, saying "I am sorry for the whole range of suffering that resulted from my company's drugs."

Cadden's attorney acknowledged that the victims "have endured great suffering and great harm," but noted that Cadden was acquitted of the most serious charges against him. Defense attorney Bruce Singal said Cadden's original nine-year sentence was more than fair for a fraud conviction.

"From a legal standpoint, I do not believe that it is appropriate that this court's sentence reflect the deaths and serious injuries that resulted because they have no relationship to the offenses of conviction," he said.

The appeals court also ordered a new sentence for Chin, who got eight years behind bars in 2018. Chin is expected to be resentenced on Thursday.

Judge: Air Force mostly at fault in 2017 Texas church attack

(AP) — A federal judge has ruled that the U.S. Air Force is mostly responsible for a former serviceman killing more than two dozen people at a Texas church in 2017 because it failed to submit his criminal history into a database, which should have prevented him from purchasing firearms.

U.S. District Judge Xavier Rodriguez in San Antonio wrote in a ruling signed Wednesday that the Air Force was "60% responsible" for the massacre at First Baptist Church in the small town of Sutherland Springs, where Devin Kelley opened fire during a Sunday service. Authorities put the official death toll at 26 because one of the 25 people killed was pregnant.

The attack remains the worst mass shooting in Texas history.

"The trial conclusively established that no other individual — not even Kelley's own parents or partners — knew as much as the United States about the violence that Devin Kelley had threatened to commit and was capable of committing," Rodriguez wrote.

Kelley had served nearly five years in the Air Force before being discharged in 2014 for bad conduct, after he was convicted of assaulting a former wife and stepson, cracking the child's skull. The Air Force has publicly acknowledged that the felony conviction for domestic violence, had it been put into the FBI

database, could have prevented Kelley from buying guns from licensed firearms dealers, and also from possessing body armor.

Rodriguez said that had the government done its job and entered Kelley's history into the database, "it is more likely than not that Kelley would have been deterred from carrying out the Church shooting."

An Air Force spokeswoman did not immediately return a request seeking comment.

Authorities said Kelley fired at least 450 rounds at helpless worshippers who tried taking cover in the pews. As he left the small wood-frame church, Kelley was confronted by an armed resident who had grabbed his own rifle

and exchanged fire with him. Kelley fled as two Sutherland Springs residents gave chase, and died of an apparent self-inflicted gunshot wounds after losing control of his vehicle and crashing.

Last month, the Texas Supreme Court ruled that survivors and relatives can't sue a sporting goods chain where Kelley purchased an AR-556

semi-automatic rifle used in shooting. Academy Sports and Outdoors had appealed after two lower courts declined to dismiss lawsuits.

The lawsuit against the federal government was brought by family members of the victims. Rodriguez ordered a later trial to assess damages owed to the families.

UK bases on Cyprus boost fight against migrant smugglers

(AP) — Authorities at a British military base on Cyprus have hired 50% more customs officers and procured detection equipment to better thwart illegal immigration from the breakaway north of the ethnically split island.

The addition of 24 new officers and four SUVs — two with thermal imaging cameras — allows authorities to patrol around-the-clock along a 45-kilometer (28-mile) boundary, Customs and Immigration Chief Adam Chatfield said.

More migrants have arrived on Cyprus without authorization in recent years. In 2018, authorities located 17 people trying to cross in six instances. That jumped to 33 people in 16 crossing attempts a year later, while 67 people were intercepted in nine attempted crossings last year.

Cyprus was cleft along ethnic lines in 1974 when Turkey invaded following a coup aimed at union with Greece.

The breakaway Turkish Cypriot north declared independence nearly a decade later, but only Turkey recognizes it. Turkey also maintains more than 35,000 troops in northern Cyprus.

A buffer zone controlled by U.N. peacekeepers separates the north from the Greek Cypriot south where the island's internationally recognized government is seated. Although Cyprus is a European Union member, only the southern part enjoys the bloc's full benefits.

The EU is boosting the role of its border guard and ramping up security and surveillance along its eastern borders, including nearby Greece where authorities have extended a border wall facing Turkey and set up high-tech observation towers.

Dhekelia Garrison, one of two military bases that the U.K. retained after Cyprus gained independence from British colonial rule in 1960, directly abuts the north along a corridor of farmland, abandoned homes and fields that offers secluded routes for smugglers, or for migrants to cross.

There's not even a fence to separate the base from the north.

Chatfield told The Associated Press that migrants are intercepted in groups of 10 to 20 at an average rate of once

a month. The overwhelming majority now are Syrian men seeking asylum in the south.

About 5 million Syrians have fled their country during a 10-year conflict that has killed about half a million people. Many more have been displaced inside Syria.

Authorities on the base in Cyprus have an agreement

with the government to transfer asylum-seekers to the south where their claims are processed. Chatfield said arrangements are made to return those who don't apply for asylum to the north.

Chatfield said an international network of smugglers charges \$5,000 per person to slip migrants through into the south.

France: 11 convicted of cyberbullying teen who slammed Islam

(AP) — A French court on Wednesday convicted 11 of 13 people charged with harassing and threatening a teenager who harshly criticized Islam in online posts and ended up changing schools and receiving police protection to preserve her safety.

The verdict was the first of its kind since France created a new Paris court in January to prosecute online crimes, including harassment and discrimination.

The court sentenced the defendants to suspended prison terms of four to six months and fined them about \$1,770 each.

The teen at the center of the landmark cyberbullying case, who has been identified publicly only by her first name, Mila, testified last month that she felt as if she had been "condemned to death."

Speaking after the verdict, she said all victims should join the fight against online abuse and that harassers should be denied access to social media networks.

"I was expecting worse and, honestly, we won and will win again because what I want is that, united, we will never give up. We will continue to fight," Mila said.

Mila, who describes herself as atheist, was 16 when she started posting videos on Instagram and later TikTok harshly criticizing Islam and the Quran. Now 18, she testified that "I don't like any religion, not just Islam."

"What I want is that those (who harass) be considered a plague and ought to be forbidden access to social networks(...)those who cyberbully, who threaten with death, who deprive one of their freedom and who incite one to suicide," she said. "And I never want the victims to be blamed again."

Her lawyer, Richard Malka, said Mila has received some 100,000 threatening messages, including death threats, rape threats, misogynist messages and hateful messages about her sexual orientation.

Mila left one high school,

then another. She is now monitored daily by the police for her safety.

"Social networks are the street. When you pass someone in the street, you don't insult them, threaten them, make fun of them," the presiding judge, Michel Humbert, said. "What you don't do in the street, don't do on social media."

The trial raised uncomfortable questions about freedom of expression, freedom to criticize a religion and respect for France's millions of Muslims. But the court case was focused on cyberbullying.

The 13 defendants from around France came from various backgrounds and religions and were but a handful of all the people who went after Mila with online comments. The others could not be tracked down.

Juan Branco, the lawyer for one of the defendants, denounced the premise of the trial.

"Symbolic trials in which one tries to use one person to

send a message to the rest of society are very dangerous," Branco said. He said his client, identified only as Jordan L., "is not a fanatic, is someone who respects beliefs, (but) who doesn't like this climate where one part of the French population is systematically under attack."

He said his client was "revolting against that without participating in anything bigger and without even sending a direct message to Mila in particular."

Online harassment, threats and hate speech have been on the increase since the creation in 2018 of a law criminalizing such acts. Police counted 2,128 such offenses in 2019 and 2,848 last year, according to French Citizenship Minister Marlene Schiappa.

"The entire country must condemn the aggressors and cease to blame the victims," Schiappa said in a statement after Wednesday's verdict.

One of the 13 on trial was acquitted because his post - "Blow it up" - was directed at Mila's Twitter account, not at

the young woman. The court dropped the case against another defendant for faulty procedures.

Amid growing French efforts to prosecute and prevent online abuse, another French court ordered Twitter on Tuesday to share details within two months about its procedures to stop users from inciting violence or racial hatred or committing other offenses.

The ruling arose from a civil lawsuit brought by groups that fight racism and anti-LGBT discrimination. The groups argued that Twitter was not doing enough to moderate and remove content that violates French hate speech or other laws. The social network's lawyer in the case, Karim Beylouni, said Wednesday that the company is deciding whether to appeal.

Meanwhile, Paris prosecutors are investigating racist posts targeting soccer player Kylian Mbappe after a failed kick eliminated France, which won the World Cup in 2018, from the European soccer championship last week.

Costly and critical: The battle for a key Yemeni city

(AP) — The two fighters stand shoulder-to-shoulder on a mountain overlook, with a clear view below of the enemy's position. They are part of the last lines of defense between the government's last stronghold in Yemen's north, and the Houthi rebels trying to take it.

Hassan Saleh and his younger brother Saeed, both in their early 20s, have been fighting alongside other government fighters and tribesmen outside the oil-rich city of Marib, against the months-long offensive by the Iranian-backed rebels. They say they need more weapons to push the attackers back.

"We need sniper rifles," said Hassan, who was taking a position in a sandbagged trench in the mountainous Kassara region. All that most battalions have are old Kalashnikovs and machine guns mounted on the rear of pickup trucks.

This is the most active front-line in Yemen's nearly 7-year-old civil war, where a steady stream of fighters on both sides are killed or wounded every day, even as international pressure to end the war intensifies. Amid another round of peace talks, this time led by Oman, the desert city of Marib remains the crucible of one of the world's most bogged-down conflicts.

The Houthis have for years attempted to take Marib to complete their control over the northern half of Yemen. But since February, they have waged an intensified offensive from multiple fronts,

while hitting the residential city center with missiles and explosive-laden drones, killing and wounding dozens of civilians.

So far, the rebels have made only incremental progress, inching slowly across the desert plain, because of Saudi airstrikes that wreak heavy casualties in their ranks. Government and medical officials in Marib estimate that thousands of fighters have been killed or wounded, mostly rebels, since February. In the Houthi-held capital, Sanaa, mass funerals and death announcements of soldiers, some of them children, indicate how costly the battle has been, though Houthis do not release official death tolls.

The grueling battle over the remote city seems intertwined with the sluggish efforts for peace. The Houthis appear to hope capturing Marib will give them the upper hand in talks. Meanwhile government officials complain that American and international wariness at fueling the interminable war prevents them from getting weapons they need to win in Marib.

The U.S. is pressuring the Saudi-led coalition that backs the government not to provide more weapons for fear they could fall into militants' hands amid worries over government "graft and incompetence," a Yemeni official told the Associated Press, speaking on condition of anonymity because he was not authorized to brief reporters. "We are at a crossroads," said Marib's provincial governor Sheikh Sultan al-Aradah, ar-

guing the weapons are needed to tip the scales at Marib. "The world has some reservations about arming Yemen in the current time."

An AP crew travelled in recent weeks to the city through Saudi Arabia on a government-organized trip.

Marib, some 115 kilometers (70 miles) east of Sanaa on the edge of Yemen's large deserts, is a strategic gateway from the central highlands to southern and eastern provinces. It's also home to oil and gas fields where international firms including Exxon Mobil Corp. and Total SA have interests. Its natural gas bottling plant produces cooking gas for the nation of 29 million people. Its power plant once provided 40% of Yemen's electricity.

Its relative stability in past years made it a haven for those fleeing the war's other fronts. The area, which had a pre-war population of 400,000, now also hosts some 2.2 million displaced people, many of them crowded into camps, according to official statistics.

The city's streets are bustling during the day with taxis and 4x4 vehicles belonging to security forces. At night, men frequent restaurants and cafes or gather in homes, chewing leaves of qat for a stimulant effect. There's little heed paid to the fighting just outside their city.

But the posters of fallen commanders and troops lining the roadways serve as a reminder. The city's cemetery has been expanded to absorb

the surge in fatalities.

"We bury between 10 to 15 people every day, mostly martyrs in the war," said Mohammed Saeed Nasser, a guard at the cemetery.

The main hospital in Marib has been overwhelmed by dozens of wounded fighters a day for months, said its director, Dr. Mohamed Abdo al-Qubati. At an intensive care unit, there were 10 patients, all but one injured fighters.

In one of the beds, Ali Saad, 22, lay partially paralyzed. He was shot by a Houthi sniper on the frontline on June 18.

Saad has been fighting in government forces since 2017. During that time, he and his family fled their home in southwestern Dhamar province as the war escalated. Later, he was captured and held for a year in a Houthi prison until he was released in an October prisoner exchange.

"I suffered a lot in captivity, I was tortured physically and mentally," he said. "This gave us a glimpse into what Houthis were really like. We came out with a stronger and indescribable will to fight them." His father and one of his three brothers were also wounded on the Marib front earlier this year.

Yemen's civil war began in 2014 when the Houthis seized Sanaa and much of the north, forcing the government of President Abed Rabbo Mansour Hadi to flee.

The Saudi-led coalition, backed at the time by the U.S., entered the war to try restoring Hadi to power. Amid the relentless air campaign and ground fighting, the war has killed more than 130,000 people and spawned the world's worst humanitarian crisis. It has also created

smaller, parallel conflicts, between militants and different factions inside the country.

After years of criticism over civilian casualties from airstrikes, U.S. President Joe Biden's administration in February withdrew its backing for the coalition's campaign in Yemen.

Yemeni government and military officials say that decision, along with Biden's removal of the Houthis from a U.S. terrorism list, emboldened the rebels in Marib.

"The Houthis appear to calculate that if they win in Marib, they will have won the war for the north of Yemen while humiliating the internationally recognized president," said Peter Salisbury, Yemen expert at the International Crisis Group. "That is a considerable prize for their side, as it would also allow them to dictate terms for an end to the war."

U.S. State Department spokesman Ned Price said Thursday that the administration was "beyond fed up" with the Houthis and "horrified by the repeated attacks on Marib." He denounced the rebels for continuing the offensive despite a "serious (peace) proposal before them."

An Omani delegation held talks in Sanaa with Houthi leaders including the group's religious and military leader, Abdel-Malek al-Houthi. A Saudi diplomat, meanwhile, said there have been ongoing efforts, including direct Saudi-Houthi talks since 2019, to find a common ground. He spoke on condition of anonymity in line with regulations.

A spokesman for the Houthis did not respond to calls and messages seeking comment.

England beats Denmark 2-1, reaches Euro 2020 final

(AP) — England has broken through its semifinal ceiling at major soccer tournaments. A title match awaits for the first time in 55 years.

Harry Kane converted the rebound after his initial penalty was saved in the 104th minute to give England a come-from-behind 2-1 win over Denmark in extra time in the European Championship semifinals on Wednesday at Wembley Stadium.

England will return to its national soccer stadium on Sunday to play Italy and will be competing in its first final since the 1966 World Cup. That remains England's only international title.

In the intervening 55 years, the English have lost in the semifinals four times in either the World Cup or the European Championship. For that reason, this will go down as one of the most significant victories in English soccer history.

Three of those — in 1990, 1996 and 2018 — were decided on penalties. That looked like where the teams were headed until Raheem Sterling wriggled into the area down the right, cut inside

and fell under the slightest contact of Mattias Jensen.

Denmark goalkeeper Kasper Schmeichel guessed the right way to block Kane's penalty, but the England captain reacted quickly and put the ball into the net from six yards out.

Denmark's players, whose emotionally charged run to the semifinals was powered by a resolve to win the title for Christian Eriksen after his collapse on the field during the group stage, were almost on their knees by that point.

And Danish hopes of an equalizer were damaged by having to play with only 10 men for the second half of extra time after Jensen was forced off injured. Denmark had already used up its six substitutes by then.

England showed another side by rallying for victory after conceding a goal for the first time at Euro 2020 when Mikkel Damsgaard curled a free kick into the top corner in the 30th.

An own-goal by Simon Kjaer in the 39th evened the score, and England dominated the second half against a tiring opponent.

Spain has hopes of a bright future after Euro 2020 campaign

(AP) — Losing big matches inevitably leads to questions about the future. With Pedri González, Spain already seems to have the answer.

Still only 18, Pedri was the man in the middle at the European Championship, starting every match for his team and controlling the transition between the defense and offense. That quality and leadership, even coming from a teenager playing in his first major tournament, helped Spain make it all the way to the semifinals.

"What Pedri has done during this European Championship I haven't seen done by any 18-year-old in any other competition," Spain coach

Luis Enrique said. "I've never seen anything like it."

The constant comparisons to Andres Iniesta, the great Spain playmaker who helped the team win Euro 2008, Euro 2012 and the 2010 World Cup, don't seem so exaggerated anymore. Not after this tournament.

"Not even Iniesta did what Pedri did," Luis Enrique said.

Always calm and collected, Pedri was key in controlling the tempo in Spain's mid-field match after match. As of Wednesday morning, he was the player with the most distance covered at the tournament. He also had the highest passing accuracy in the semifinal match against Italy,

at 98% from 65 completed passes.

There were other young players helping out as well, like 23-year-old Dani Olmo.

Although Olmo missed a penalty in the 4-2 shootout loss to Italy on Tuesday at Wembley Stadium, he was still an important part of the run to the semifinals. He led the tournament in attempts and was second in assists.

Ferran Torres also contributed. The 21-year-old forward scored twice during Spain's run.

Spain arrived at Euro 2020 surrounded by doubts and under pressure to overcome recent failures. The country's national team hadn't gotten past the round of 16 at a major tournament since winning Euro 2012 with a team that still included Iniesta and Xavi Hernández.

The gritty performance by the youngsters, however, alleviated those concerns only a year before the next big tournament — the 2022 World Cup.

"We have to be happy and proud of what we have

achieved," Luis Enrique said. "We have several young players and they contributed in such a way that is hard to understand when you look at their age. There are a lot of positive things to look at going forward."

Six players from Euro 2020 were included in the under-24 team that will play at the upcoming Tokyo Olympics. In addition to Pedri and Olmo, others who are set to make the trip to Japan include Unai Simón, Pau Torres, Mikel Oyarzabal and Eric García.

And there were more young players in the Euro 2020 squad, too, like Marcos Llorente and Adama Traore. Ansu Fati, also 18 and a teammate of Pedri's at Barcelona, missed the tournament because of injury.

"This could be the start of something big for this national team," the 20-year-old García said.

All six players going to the Olympics started at some point at Euro 2020. Simón stopped a penalty in the shootout loss to Italy, and he had been key in the shootout win over Switzerland in the

quarterfinals. The 24-year-old goalkeeper made a bad mistake in the round of 16 against Croatia but made up for it with key saves later in the game.

Olmo missed his penalty in the shootout against Italy, sending his kick over the bar, but he had set up Álvaro Morata's equalizer that helped send the match into extra time at 1-1. Morata was the other player to miss from the penalty spot against Italy.

"Dani Olmo was huge for us," Luis Enrique said. "He is very smart, has a lot of quality. He is a very important player for us."

Spain played at Euro 2020 without longtime captain Sergio Ramos, who missed the tournament following an injury-filled season with Real Madrid. Sergio Busquets was the team's most experienced player, and the only one left from the 2010 World Cup winning-squad.

But now the focus is on next year's World Cup in Qatar. And with Pedri, Spain's title-winning ways may just make a return.

8-time Wimbledon champ Federer loses quarterfinal to Hurkacz

(AP) — Roger Federer has been feted by plenty of ovations at Centre Court. None quite like this one, though. This was not a celebration. It felt more like a “Thank you” or — just in case — a “Goodbye.”

The eight-time Wimbledon champion lost 6-3, 7-6 (4), 6-0 to 14th-seeded Hubert Hurkacz of Poland in the quarterfinals at the All England Club on Wednesday, a surprisingly lopsided finish to Federer’s 22nd appearance in the tournament.

As Federer stepped the baseline to serve in the last game,

he needed to wait while fans in the full-to-capacity stands applauded and cheered. Soon enough, it was over, only the third 6-0 set lost by Federer in 429 career Grand Slam matches; both of the others came at the French Open — in his 1999 Slam debut against Pat Rafter and in the 2008 final against Rafael Nadal.

“I don’t know what to say. It’s super special for me. I mean, playing on this special court against Roger — it’s always, when you’re a kid, it’s like a dream come true to play him,” said Hurkacz, a 24-year-old from Poland

who in the lead-up to the match called Federer his idol.

Asked if he could have imagined this result, Hurkacz replied: “Probably not.”

And yet, this was not the Federer the world is used to watching. He underwent two operations on his right knee in 2020 and was sidelined for more than 12 months in all. He arrived at Wimbledon having played a total of eight matches this season.

Factor in age — Federer turns 40 on Aug. 8, so this was his last major in his 30s — and maybe it was just too much

to ask that he make his way to the closing weekend, even if this is a tournament he’s won more than any other man, and even if it’s contested on a surface, grass, on which he’s best.

He simply never was able to summon the serving and shot-making that have carried him to 20 Grand Slam titles overall, tied with Nadal for the men’s record.

On the other half of the draw, No. 1 seed Novak Djokovic will meet No. 10 Denis Shapovalov in the semifinals.

For about 20 minutes Wednesday, Djokovic was not quite his indomitable, infallible self.

After racing to a 5-0 lead at the outset, he dropped three consecutive games to his unheralded quarterfinal opponent, 48th-ranked Marton Fucsovics. Wasted five set points in the process, too.

Soon enough, Djokovic righted himself, as he usually does, and beat Fucsovics 6-3, 6-4, 6-4 on a windy, overcast afternoon at Centre Court to reach his 10th semifinal at the All England Club and 41st at a major tournament.

That allowed the 34-year-old from Serbia to continue his pursuit of a sixth championship at Wimbledon — and what would be a third in a row — along with a 20th Grand Slam title overall.

And there’s this, too: Djokovic improved to 19-0 in matches at majors this season as he pursues the first calendar-year Grand Slam by a man since Rod Laver in 1969. Djokovic seized trophies on the Australian Open’s hard courts in February, on the French Open’s red clay in June and now seeks to add one on Wimbledon’s grass.

“I’m not chasing anybody,” Djokovic said. “I’m making my own path and my own journey, my own history.”

Shapovalov edged No. 25 Karen Khachanov of Russia 6-4, 3-6, 5-7, 6-1, 6-4 over nearly 3 1/2 hours at No. 1 Court.

“Obviously, he’s the best player in the world,” Shapovalov said about Djokovic, “but I think anything is possible. And when you look at the

scoreboard first thing on Friday ... it’s going to be 0-0. So that’s it. Nothing else matters.”

Hurkacz’s opponent Friday will be No. 7 Matteo Berrettini of Italy or No. 16 Felix Auger-Aliassime of Canada.

Hurkacz never had made it beyond the third round at any major; that’s when he lost to Djokovic at Wimbledon two years ago.

Still, Hurkacz looked quite comfortable on this unfamiliar stage. He played sublimely, with three times as many winners, 36, as unforced errors, 12.

In the opening set, he didn’t face so much as a single break point and was guilty of just four unforced errors to Federer’s 10.

It appeared Federer finally was beginning to make some headway early in the second set, earning a trio of break points and nosing ahead 2-0 on a double-fault. After his second serve found the net, Hurkacz pointed an index finger at his temple, then shook his head.

Federer then weathered three break points in the next game to lead 3-0.

But Hurkacz conceded nothing. Undaunted by the setting, the stakes, the foe or the almost-uniformly-for-Federer fans, Hurkacz claimed four of the next five games to pull even at 4-all, breaking along the way with a stinging forehand return of a 101 mph serve that rushed Federer and drew a backhand into the net.

In the tiebreaker — which was preceded by loud chants of “Let’s go, Roger! Let’s go!” and rhythmic clapping — it was more of the same: Hurkacz hitting his spots and Federer stumbling.

On one foray to the net, Federer lost his footing and, in the process of catching his balance, missed what could have been a simple volley.

The third set went by in a blink, and when it ended with Federer missing a forehand well wide, he quickly packed his bags and hustled off toward the locker room with a wave and a thumbs-up.
